Section 61-62 amended—employee annuity savings fund—amounts to be deducted—rates.—Section 61-62, Code of Laws of South Carolina, 1962, as amended, is further amended by striking on lines thirteen, fourteen and fifteen, the following: “the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per cent of the part of his earnable compensation not so taxable.”, and inserting in lieu thereof “four thousand eight hundred dollars, plus five per cent of the part of his earnable compensation in excess of four thousand eight hundred dollars.” The section is further amended by striking the last paragraph and inserting in lieu thereof the following:

“Notwithstanding the foregoing, effective July 1, 1964, the rates of such deductions shall be, without regard to a member’s coverage under the Social Security Act, as follows: ‘In the case of Class One members, three per cent of the portion of earnable compensation not in excess of four thousand eight hundred dollars, and five per cent of the portion in excess of four thousand eight hundred dollars; and, in the case of Class Two members, four per cent of the portion of earnable compensation not in excess of four thousand eight hundred dollars, and six per cent of the portion in excess of four thousand eight hundred dollars.’” The section when amended shall read as follows:

With respect to each member who is eligible for coverage under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of chapter 5 of this Title, however, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per cent of the

part of his earnable compensation not in excess of four thousand eight hundred dollars, plus five per cent of the part of his earnable compensation in excess of four thousand eight hundred dollars. In the case of any member so eligible and receiving compensation from two or more employers, such deductions may be adjusted under such rules as the Board may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. In determining the amount earnable by a member in a payroll period, the Board may consider the rate of annual earnable compensation of such member on the first day of the payroll period as continuing throughout such payroll period and it may omit deduction from earnable compensation for any period less than a full payroll period if a teacher or employee was not a member on the first day of the payroll period.

Each employer shall certify to the Board on each and every payroll or in such other manner as the Board may prescribe the amounts to be deducted and such amounts shall be deducted and, when deducted, shall be credited to said employee annuity savings fund, to the individual accounts of the members from whose compensation the deductions were made.

Notwithstanding the foregoing, effective July 1, 1964, the rates of such deductions shall be, without regard to a member's coverage under the Social Security Act, as follows: 'In the case of Class One members, three per cent of the portion of earnable compensation not in excess of four thousand eight hundred dollars, and five per cent of the portion in excess of four thousand eight hundred dollars; and, in the case of Class Two members, four per cent of the portion of earnable compensation not in excess of four thousand eight hundred dollars, and six per cent of the portion in excess of four thousand eight hundred dollars'.

No. 778

An Act To Authorize The Governor And State Treasurer To Effect Multiple Sales Of State General Obligation Bonds And To Require That Those Who Bid On Such Bonds Submit Pro-

posals For All Bonds So Offered As Though They Constituted But A Single Issue.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that, by several statutes, the Governor and the State Treasurer are authorized and empowered to effect the issuance of general obligation bonds of the State of South Carolina. Such statutes require such bonds to be sold at public sale, and that they be awarded to the bidder offering to take them at the lowest interest cost to the State. No provision of law now exists empowering the Governor and the State Treasurer to offer, at the same time, different issues of State general obligation bonds under conditions requiring bidders to bid for all of the bonds so offered, as though they constituted a single issue, and to award all of the bonds so offered to the bidder naming the lowest rate on all issues so offered, in lieu of awarding the bonds on the basis of bids received for each issue so offered. Varying market conditions might result in a better overall interest cost to the State if the Governor and the State Treasurer were empowered to make multiple offerings as a single issue and to award the bonds on such a basis. On the basis of the foregoing, the General Assembly has determined to empower the Governor and the State Treasurer to treat, as though they were a single issue, State general obligation bonds sold at the same time, notwithstanding that such bonds be issued under different statutes, for different purposes, and the maturity schedules of the issues so offered are dissimilar.

SECTION 2. Persons bidding on State bond issues may be required to submit bids as single issue.—Whenever the Governor and the State Treasurer shall be empowered by law to issue general obligation bonds of the State, they may receive bids on more than one issue at the same time and, in such event, may impose as a condition to bidding a requirement that all who shall bid shall submit proposals for all bonds then offered as though such bonds constituted only a single issue of bonds. Under such circumstances, the fact that more than one issue of bonds is offered, and the maturity schedules of the issues are dissimilar, shall be disregarded and the bonds shall be awarded to the bidder whose bid prescribes the lowest interest cost, calculated on the basis that all bonds then issued constituted but a single issue of bonds, rather than more than one issue of bonds.

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 25th day of February, 1966.

Proof of the posting shall be deemed and taken as notice conclusive against the person making entry.

Any motor-driven or other vehicle found parked on private property as provided in this section may be towed away and stored at the expense of the vehicle owner, and such towing and storage charge shall constitute a lien against such vehicle.

It shall be lawful for any proprietor, owner and operator of any storage place, garage or towing service of whatever kind, which shall have towed away and stored any such vehicle, to have the vehicle sold at public outcry to the highest bidder upon the expiration of thirty days after written notice by certified mail has been given to the owner of the vehicle at his last known address that the towing and storage charges are due and such vehicle shall be sold by any regular or special constable appointed by any court of competent jurisdiction in the county in which the towing was performed or the vehicle was stored. Any regular or special constable shall, before selling the vehicle, advertise it for at least fifteen days by posting a notice in three public places in the county of sale, one of which shall be the courthouse door or bulletin board. He shall, after deducting all proper costs and commissions, pay to the claimant the money due to him, taking his receipt for it, after which he shall deposit the receipt, as well as the items of costs and commissions, with the remainder of the money or proceeds of the sale, in the office of the clerk of the court, subject to the order of the owner thereof, or his legal representatives, and shall issue a bill of sale to the highest bidder. The regular or special constable who shall sell the vehicle shall be entitled to receive the same commissions as are allowed by law for the sale of personal property by constables. Any such sale shall be made for cash to the highest bidder after the notice shall have been given and the true result of such sale shall be forthwith made known to the original owner of the article so sold by notice addressed to the last known address of such owner.

Provided, however, that any such sale shall be subject to any outstanding lien recorded on the title certificate for such vehicle, which lien shall remain in full force and effect to the same extent as if such sale had not been held. In the event that the title certificate shows an unsatisfied lien, notice shall also be given to the lienholder in addition to the owner as above provided, and in addition thereto the officer selling said vehicle shall furnish to the lienholder the name and address of the purchaser of said vehicle. The bill of sale to the highest bidder shall clearly state that said vehicle is subject to the lien or liens of recorded lienholders."

All other persons shall become members of the system on their taking office as members of the General Assembly.

(i) a non-contributing special member of the system, not entitled to any additional credited service, or

(ii) a contributing special member of the system, who shall contribute, by direct remittance to the system not later than June thirtieth in each year prior to the year in which he attains age sixty, in the same amount as if he had remained a member of the General Assembly, and who shall be entitled to credited service for each such year; *provided*, that, if in any year he shall fail to make such contribution, he shall thereupon be deemed to have made an irrevocable election to become a non-contributing special member as set forth in (i) above.

(3) Notwithstanding any other provision of law, no person shall be entitled to receive duplicate credits or benefits, for the same period of service, under this system and any other retirement system to which the State contributes, with respect to such service, except that credited service hereunder and under the South Carolina Retirement System may be combined for, and only for, satisfaction of the credited service condition for eligibility for a retirement benefit under the South Carolina Retirement System.

(4) Should any member of the System in any period of five consecutive years after becoming a member be absent from service more than four years, withdraw his contributions or become a beneficiary or die, he shall thereupon cease to be a member.

SECTION 5. Creditable service.—(1) The credited service of a member shall include all service as a member of the General Assembly since he last became a member of the system and in respect of which he makes contributions to the system. It shall also include, in the case of a member of the system who (a) became such on the date of establishment and (b) remained a member of the system continuously thereafter until his death or his retirement under the system, service which he was, or would be, entitled to claim as creditable service under the South Carolina Retirement System, notwithstanding that he may not have been a member of the South Carolina Retirement System; *provided*, that within six months of the date he becomes a member of the system, he shall have caused the full amount of his contributions required to be made under the South Carolina Retirement System in respect of such service to be paid to this system by transfer or otherwise.

(2) When membership in the system ceases for any reason other than death or retirement, the service previously credited to the member of the system shall be cancelled and, should he again become a

member of the system, he shall enter the system as a new member of the system not entitled to credit for previous service.

SECTION 6. Retirement allowance at age sixty.—(1) Any member of the system who has attained age sixty shall be retired by the board on a retirement allowance upon his written application therefor, and shall thereupon become a beneficiary, provided he is no longer in the service of the State, whether as a member of the General Assembly or otherwise. The date of retirement shall be the first day of a calendar month which occurs not less than thirty days nor more than ninety days subsequent to the filing of such application.

(2) Upon such retirement, the retired member shall receive a monthly service retirement allowance which shall be equal to five dollars multiplied by the number of years of his credited service.

SECTION 7. Optional allowances.—Until the first payment on account of a retirement allowance becomes normally due, any beneficiary may elect, by filing written application with the board, to convert the retirement allowance otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value under one of the optional forms named below.

Option 1. A reduced retirement allowance payable during the beneficiary's life, with the provision that the reduced allowance shall continue after his death to and for the life of the contingent beneficiary designated by him in such application, if such contingent beneficiary survives him.

Option 2. A reduced retirement allowance payable during the beneficiary's life, with the provision that one-half of the reduced allowance shall continue after his death to and for the life of the contingent beneficiary designated by him in such application, if such contingent beneficiary survives him.

SECTION 8. Allowances to be paid monthly.—All retirement allowances shall be payable in monthly installments ceasing with the last payment prior to death; *provided*, that if a member of the system has elected an optional allowance the provisions thereof shall apply.

SECTION 9. Payment to persons who cease to be members.—Should a member cease to be a member of the system, for reasons other than death, he shall be paid as promptly as feasible after his request, but in no event later than six months after such cessation, his aggregate contributions. Should he die before payment

has been made, the amount of his aggregate contributions shall be paid to such person as he shall have nominated by written designation filed with the board, otherwise to his estate.

SECTION 10. Payment upon death of members.—(1) Upon the death of any member of the system, a lump sum amount shall be paid to such person as he shall have nominated by written designation, filed with the board, otherwise to his estate. Such lump sum amount shall be equal to the amount of his accumulated contributions.

(2) Upon the death of a beneficiary who has not elected an optional form of allowance under Section 7 hereof, a lump sum amount shall be paid to such person as he shall have last nominated by written designation, filed with the board, otherwise to his estate. Such lump sum amount shall be equal to the excess, if any, of his accumulated contributions at the time his allowance commenced over the sum of the retirement allowance payments made to him.

(3) Notwithstanding anything herein to the contrary, if a member of the system dies while in the service of the State, whether as a member of the General Assembly or otherwise, after he has attained age sixty-five, or after he has attained age sixty and completed at least twenty years of credited service, the person nominated by him to receive the lump sum amount in subsection (1) above may elect to receive, in lieu of such lump sum payment, an allowance for life in the same amount as if the deceased member of the system had retired at the time of his death and had named such persons as contingent beneficiary under Option 1 of Section 7.

SECTION 11. Allowances to stop upon return to service.—Should any beneficiary return to the service of the State, whether as a member of the General Assembly or otherwise, his retirement allowance shall cease and any optional election shall be null and void.

If such return is as a member of the General Assembly, he shall be a contributing member of the system, and shall be credited with all service standing to his credit at the time of his retirement; the retirement allowance payable upon his subsequent retirement shall be based on the total of his credited service rendered before and after his return to service.

If such return is in a position other than as a member of the General Assembly, he shall, upon cessation of service in such position or positions, be entitled to apply for a retirement allowance hereunder

at the same rate to which he was previously entitled, disregarding any reduction therein resulting from a previous election of an option.

SECTION 12. Contributions of present members to be transferred to system—deductions.—(1) Each member of the General Assembly on January 1, 1966, who is not retired under the South Carolina Retirement System and who becomes a member of this System as of such date, is hereby authorized and required to cause the full amount of his contributions made to the system to be transferred to the system promptly upon the approval of this act. Thereafter no transfer of funds shall be made between the two systems.

(2) Each member of the system shall contribute one hundred ninety-two dollars in each calendar year, commencing with the calendar year 1966. Such contributions shall be made through payroll deductions in the case of members of the General Assembly or through direct remittance by contributing special members as set forth in Section 4 (2) (ii) of this act.

(3) Every member of the system who is a member of the General Assembly shall be deemed to consent and agree to the deductions made and provided for herein, and shall receipt for his full salary or compensation, and payment of salary or compensation less such deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payments, except as to the benefits provided under the system.

(4) Each of the amounts so deducted or directly remitted shall be credited to the individual account of the member from whose compensation the deduction was made, or from whom the direct remittance was received.

SECTION 13. Contributions by State.—The contributions of the State to the system shall be determined by the board each year on the basis of annual actuarial valuations of the system.

Each year the board shall certify to the State the amount of its contribution due the system. The State's contributions shall be appropriated annually from the general fund to the system, and shall include such sums as are found necessary in order to create reserves in the system sufficient (i) to cover the cost of the allowances currently accruing under this act, (ii) to include a contribution, each year, toward the cost of prior service credits, and (iii) to cover any

administrative expenses which the board may incur in the operation of the system.

(2) Except as otherwise herein provided, no member of or person employed by the board shall have a direct interest in the gains or profits of any investment made by the board. No member of the board or employee of the board shall, directly or indirectly, for himself or as an agent in any manner use the funds of the system except to make such current and necessary payments as are authorized by the board; nor shall any member or employee of the board become an endorser or surety, or in any manner an obligor, for moneys loaned or borrowed from the board.

SECTION 16. State Treasurer to be custodian of funds.—(1) The State Treasurer shall be the custodian of the funds of the system. All payments from such funds shall be made by him only upon vouchers signed by two persons designated by the board. No voucher shall be drawn unless it has previously been authorized by resolution of the board.

(2) For the purpose of meeting disbursements for retirement allowances and other payments, there may be kept available cash, not exceeding ten per cent of the total funds of the system, on deposit with the State Treasurer.

SECTION 17. Assets to be in two accounts.—(1) All of the assets of the system shall be credited, according to the purpose for which they are held, to one of two accounts; namely, the members' account and the accumulation account.

(2) The members' account shall be the account in which shall be held the contributions made by members.

(3) The accumulation account shall be the account in which shall be held all reserves for the payment of the part of all retirement allowances and other benefits payable from contributions made by the State, and from which shall be paid all retirement allowances payable under the system. All interest and dividends earned on the funds of the system shall be credited to the accumulation account. If a beneficiary is restored to membership, the part of his contributions then standing to his credit shall be transferred from the accumulation account to the members' account.

No. 818

An Act To Create The Building Commission Of The City And County Of Florence; To Define Its Functions And Powers; To Authorize The Construction Of A Single Building To Provide Courthouse, Jail, City Hall, Office And Related Facilities For Use By The City Of Florence And By The County Of Florence; To Authorize The City Council Of Florence To Enter Into A Long-Term Lease For The Portion Of The Building To Be Used By The City Of Florence; To Authorize And Empower The County Board Of Commissioners Of Florence County To Issue General Obligation Bonds In The Principal Amount Of Not Exceeding Five Million Dollars; To Provide Funds For The Construction And Equipping Of The Building; To Describe The Terms And Conditions Under Which The Bonds May Be Sold And The Purposes For Which The Proceeds May Be Applied And To Make Provision For The Payment Thereof.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—As an incident to the enactment of this act, the General Assembly has made the following findings of fact:

(1) A survey has been made to determine the needs of Florence County for jail, courthouse, office and related facilities, which resulted in the conclusion that the existing facilities were wholly inadequate and that new facilities were required.

(2) Simultaneously, the City of Florence made a similar survey to determine its needs for a city hall, offices, municipal jail and related facilities, which likewise resulted in the conclusion that its existing facilities were wholly inadequate and that new facilities were required.

(3) Thereafter studies were made to determine if a single, multi-purpose high rise building would fulfill the needs of both the City of Florence and Florence County.

(4) Such study has resulted in the conclusion that a single, multi-purpose high rise building would meet the needs of both city and county and would produce economies both in construction and operation.

(5) Following such conclusion it has been determined to utilize as a site for such a building the site of the existing county courthouse

property owned by the City of Florence and additional adjacent lands to be acquired from private persons.

(6) Due consideration has been given a method of accomplishing this objective and a plan has been evolved under which:

(a) A special commission would be established and given the power to construct and operate the planned facilities.

(b) General obligation bonds of Florence County in an amount sufficient to construct the facility would be issued.

(c) Florence County would utilize a portion of the building for courthouse, jail, office and related purposes.

(d) The City of Florence would utilize a portion of the building for city hall, municipal jail, office and related purposes.

(e) A portion of the building would be made available to the State of South Carolina (and perhaps to the United States Government), if needed.

(f) The City of Florence would be given a lease insuring its right to utilize the portion of the building which it required for so long a time as the building functioned and at a rental based upon the square footage utilized as it relates to the amount necessary to amortize its proportionate share of the debt service on bonds issued by Florence County and to pay its pro rata share of the operating cost of the building.

(g) Florence County would pay the entire cost of constructing the building and would become obligated to pay its pro rata share of the cost of operating the facility.

(h) The commission appointed would be empowered to take title to all land required as a site for the facility.

(7) The General Assembly has taken note of the fact that certain questions of a constitutional nature will exist as a consequence of this plan, which are:

(a) The power of Florence County under Section 6 of Article X of the Constitution of this State to construct a building which would do more than provide for its utilization by Florence County;

(b) The right of Florence County to issue bonds in an amount sufficient to pay for the cost of the building, in view of the limitations now existing with respect to the incurring of bonded debt by virtue of the limitations set forth in Section 5 of Article X of the State Constitution;

(c) The right of the City of Florence to obligate itself to pay rental over a term of years without complying with the provisions of Section 13 of Article II and Section 7 of Article VIII of the Constitution of this State; and

(d) The right of the City of Florence to incur a fixed obligation extending over many years to pay to Florence County the rental, without incurring indebtedness in excess of that permitted by the limitations imposed upon bonded debt which may be incurred by the City of Florence by virtue of Section 7 of Article VIII and Section 5 of Article X of the Constitution of this State.

(8) In order to remove these questions, the General Assembly, by legislation in *pari materia*, is proposing several amendments to the State Constitution, which will be submitted in the general election to be held in November 1966. It is mindful that until such amendments become a part of the Constitution the right of both county and city to consummate the plan will not be settled. Notwithstanding, it has determined to establish an appropriate commission to accomplish the desired objective, to define its powers and to vest in the County Board of Commissioners of Florence County the right to issue general obligation bonds of Florence County in the amount estimated to be necessary to pay the entire cost of constructing the building, even though such power to issue bonds cannot be perfected until the ratification of the several proposed constitutional amendments. It has likewise determined that it should, subject to the adoption of the constitutional amendments, authorize and empower the City Council of Florence to make the lease agreement required of it by the plan above-described.

SECTION 2. Building Commission of City and County of Florence established—purpose.—There is hereby established a commission to be known as the Building Commission of the City and County of Florence (the building commission) whose function it shall be to acquire a suitable site and to construct thereon a multi-storied high rise facility of sufficient size to provide jail, courthouse, office and other related public facilities required by Florence County and by the City of Florence. Upon the construction of the building, the commission shall be empowered to operate and maintain it in suitable fashion.

SECTION 3. Members — appointments — terms — vacancies—compensation—officers.—The building commission shall consist of

seven members, whose manner of appointment, qualifications and terms shall be as hereinafter set forth:

(a) Two, who shall be residents of the City of Florence, shall be appointed by the Governor upon the recommendation of the City Council of Florence. Of the two so appointed, one shall initially hold office for a period of two years, and the second shall initially hold office for a period of four years.

(b) The remaining five members of the commission shall be appointed by the Governor upon recommendation of a majority of the legislative delegation from Florence County. Of the five so appointed, one shall be a resident of each of the five school districts now existing in Florence County. Of the five so appointed, two shall initially hold office for a period of two years, and the remaining three shall initially hold office for a period of four years.

All terms of office shall expire upon the appropriate anniversary of the effective date of this act, notwithstanding that this provision shall slightly lessen the term of office of the initial appointees.

In the event of a vacancy in office, a successor who shall possess the same residential qualifications as the member whose vacancy is filled shall be appointed for the balance of the unexpired term.

Following the expiration of the initial terms of office, successors shall be appointed for a term of four years. All members of the building commission shall hold office until their successors have been appointed and shall qualify.

The members of the commission shall receive no compensation, but they shall be entitled to be reimbursed for necessary travel and out-of-pocket expenses incurred in connection with their official duties and shall be paid the sum of ten dollars for each meeting that they shall attend.

As soon as the initial commission has been appointed, its membership shall convene and elect one of its members as chairman, another as vice-chairman, another as secretary and another as treasurer, each of whom shall hold office for terms corresponding to their terms as members of the commission. The secretary of the commission shall from time to time file in the office of the Clerk of Court for Florence County appropriate certificates establishing the personnel of the commission and the names of those who hold office and the duration of the terms of the respective members.

SECTION 4. Powers and duties.—Without limiting in any way the generality of the function of the commission as set forth in Section 2, it shall be empowered as follows:

- (1) To have perpetual succession;
- (2) To sue and be sued;
- (3) To adopt, use and alter a corporate seal;
- (4) To adopt such bylaws, rules and regulations for the conduct of its business and expenditure of its funds, as it may deem advisable;
- (5) To acquire from the City of Florence such lands as it deems to be useful as a site for the building which it is authorized to construct;
- (6) To acquire from Florence County such lands as it deems to be useful as a site for the building which it is authorized to construct;
- (7) To acquire by gift, purchase, lease or otherwise, all kinds and descriptions of real and personal property;
- (8) To accept gifts, grants, donations, devises and bequests;
- (9) To design, plan, construct or cause to be constructed, and thereafter operate and maintain, a multi-purpose office building designed to meet the needs of Florence County and the City of Florence;
- (10) To establish and regulate parking facilities adjacent to its building and, in its discretion, to make charges for the use thereof through traffic meters or other means;
- (11) To enlarge and improve any building that it may acquire or construct;
- (12) To prescribe reasonable regulations concerning the use and occupancy of the building;
- (13) To expend the proceeds of any bonds issued by Florence County for the construction of the office building and for matters incidental thereto;
- (14) To expend moneys paid to it under any lease for operation and maintenance for such purposes;
- (15) To determine the fiscal year upon which the affairs of the commission shall be conducted;
- (16) To apply to the Federal Government and any other governmental agency for a grant of money to aid in the construction and equipping of the office building;
- (17) To dispose of any property, real or personal, that it may acquire, except the building and the site thereof;
- (18) To enter into long-term leases with the City of Florence covering such portion of the building as the commission shall deter-

mine to rent to the City of Florence. Such lease may provide that the portion of the rentals attributable to the amortization of the cost of constructing and improving the building be paid directly to the Treasurer of Florence County;

(19) Unless moneys be otherwise provided for, to direct the Auditor of Florence County to levy, and the Treasurer of Florence County to collect, ad valorem tax upon all taxable property in Florence County, sufficient to provide for the county's share of operating and maintaining the building. If, pursuant to this power, the commission shall direct a tax levy for the aforesaid purpose, it shall be mandatory upon the Auditor of Florence County to levy, and the Treasurer of Florence County to collect, sufficient ad valorem tax upon all taxable property to provide for the county's share of operating and maintaining the building.

(20) To exercise the power of eminent domain for the purpose of acquiring property and to that end it may avail itself of the procedure prescribed for the exercise of eminent domain by any county, municipality or authority created by or organized under the laws of this State, or by the State Highway Department or by railroad corporations;

(21) To let contracts, privately or upon competitive bidding after publication of such notice as the commission shall deem proper, for the construction of the office building, and for the acquisition of property, used or useful in connection with its construction and operation;

(22) To employ architects, engineers and counsel and to appoint officers, agents, employees and servants, to prescribe their duties, to fix their compensation and to determine if and to what extent they shall be bonded for the faithful performance of their duties;

(23) To lease to the State of South Carolina and other governmental agencies any portion of the building not required for use by the City of Florence or by Florence County; and

(24) To do all other acts and things necessary or convenient to carry out any function or power committed or granted to the commission.

SECTION 5. City of Florence may lease portion of building—conditions.—When so empowered by appropriate constitutional amendments, the City Council of the City of Florence is hereby authorized and empowered to enter into contracts under which the City of Florence shall lease from the commission that portion of the

building required for its uses, and obligate itself to the commission to pay appropriate annual rentals in an amount sufficient to cover its proper share of the debt service of the bonds issued by Florence County and to pay its proper share of the cost of operating and maintaining the building and the grounds adjacent thereto. The obligation so made shall be secured by a pledge of the full faith, credit and taxing power of the City of Florence, and it shall be mandatory that the appropriate officers of the city annually levy and collect ad valorem taxes on all taxable property in the City of Florence sufficient to enable the City of Florence to fulfill its obligations thereunder. The provisions of any contracts so made shall be enforceable at the instance of any interested party by mandamus or by any other means.

SECTION 6. Bond issue authorized.—In order to provide funds for the construction of the multi-purpose building herein authorized, the County Board of Commissioners of Florence County (the county board) is hereby authorized and empowered to issue general obligation bonds of Florence County to the extent of not exceeding five million dollars.

SECTION 7. Issues.—Bonds issued pursuant to this act may be issued as a single issue or from time to time as several separate issues.

SECTION 8. Maturity.—Bonds issued pursuant to this act shall mature in such annual series or installments as the county board shall provide, except that the first maturing bonds shall mature not later than three years from the date of issue; not less than three per cent of the bonds shall mature in each year; and no bond shall mature later than thirty years from the date of issue.

SECTION 9. Redemption.—Any bond issued pursuant to this act may be issued with a provision permitting its redemption prior to its stated maturity, at par and accrued interest, plus such redemption premium as may be prescribed by the county board, but no bond shall be redeemable prior to its stated maturity unless it contains a statement to that effect. In the proceedings authorizing the issuance of such bonds, provision shall be made specifying the manner of call and the notice thereof that must be given as to bonds made redeemable prior to their stated maturities.

SECTION 10. Form.—Bonds issued pursuant to this act shall be in the form of negotiable coupon bonds, payable to bearer, but may be issued with the privilege to any holder of having them registered as to principal on the books of the Treasurer of Florence County, upon such conditions as the county board may prescribe. Except when so registered, all bonds issued pursuant to this act shall have all attributes of negotiable instruments under the law merchant and the negotiable instrument law.

SECTION 1. Terms of criminal court for magistrate of Florence District.—The magistrate for the Florence District in Florence County shall provide for a two-day term of his court on Thursday and Friday of the first week of each month for jury trials in criminal cases. In such cases, the county attorney, or such other qualified attorney as he may designate, shall represent the State in all prosecutions, at no additional expense to the county.

SECTION 2. Roster of cases.—In all criminal cases in which a jury may be demanded by either the State or the defendant, the cause shall be placed upon a list to be maintained by the magistrate. The list shall be used by the magistrate and the county attorney to prepare a roster of cases to be tried at each term of court. Once a case is scheduled for trial at a term of court, it shall not be continued except for legal cause.

SECTION 3. Jurors.—The Jury Commission of Florence County shall, within the first thirty days of each year, prepare a jury box for the magistrate for the Florence District for use in his court in jury trials in criminal cases. The box shall be furnished by the governing body of the county and shall have two compartments, marked "A" and "B", respectively. In compartment "A" the jury commission shall place the names of not less than five hundred qualified electors residing within the territorial jurisdiction of the court, to be selected at random, who are eligible for jury duty. If the jury commission fails to prepare the jury box within the time provided, it shall be prepared by the magistrate within ten days from discovery of the failure to prepare it, on notice from anyone in interest, and the box, when so prepared, shall be used until the next jury box is prepared. The magistrate, his clerk or appointee, shall then proceed to draw names from such box or container until he shall have drawn six who have not been challenged. Neither party shall be allowed more than six challenges, but if the first twelve drawn shall be challenged and the parties do not agree to a choice, the next six shall constitute the jury. When any of the six jurors so drawn cannot be had or are disqualified by law to act in such case and the parties do not supply the vacancy by agreement, the magistrate, his clerk or appointee, shall proceed to draw out of such jury box ballots for three times the number thus deficient, which shall be disposed of and be drawn as above provided. After any term of court the magistrate, his clerk or appointee, shall place all ballots drawn out of compartment "A" of the jury box in compartment "B" where they shall remain until all the names in compartment "A" have been exhausted, at which time all the names in compartment "B" shall be returned to compartment "A" and, thereafter, juries shall continue to be drawn therefrom in the manner herein provided.

An Act To Amend Chapter 5, Title 65, Code of Laws Of South Carolina, 1962, as Amended, Relating To Income Taxes, By Adding Sections 65-256.1, 65-256.2, 65-256.3 And 65-256.4, So As To Eliminate, Over A Seven Year Period, The Special Taxation Of Public Service Corporations Under Section 65-256 And To Provide For The Allocation And Apportionment Of The Taxable Income Of Multi-State Public Service Corporations; To Prohibit The Deduction For Interest Or Rents Between Subsidiaries And Parent Corporations; And To Repeal Sections 65-256, 65-257 And 65-263, Code Of Laws Of South Carolina, 1962.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Sections 65-256.1, 65-256.2, 65-256.3 and 65-256.4 added and Sections 65-256, 65-257 and 65-263 repealed—taxing of public service corporations.—Chapter 5, Title 65 of the 1965 Code, as amended, is further amended by adding Sections 65-256.1, 65-256.2, 65-256.3 and 65-256.4 as follows, so as to eliminate, over a seven year period, the special taxation of Public Service Corporations under Section 65-256; to provide for the allocation and apportionment of the taxable income of multi-state Public Service Corporations; and to prohibit the deduction for interest or rents between subsidiaries and parent corporations:

“Section 65-256.1. For taxable years beginning in 1967, 1968, 1969, 1970, 1971 and 1972, hereinafter referred to as the ‘credit period,’ a corporation required to determine its net taxable income

under the provisions of Sections 65-256, 65-257 and 65-263, herein referred to as a public service corporation, shall be allowed a credit against the tax based upon net taxable income as so computed pursuant to such sections. The credit shall be an amount equal to the difference between the tax based on net taxable income computed in accordance with Sections 65-256, 65-257 and 65-263 and the tax based on net taxable income computed as if such corporation were not a public service corporation multiplied by the following percentages for the taxable years stated:

- For taxable years beginning in 1967, fourteen per cent;
- For taxable years beginning in 1968, twenty-eight per cent;
- For taxable years beginning in 1969, forty-two per cent;
- For taxable years beginning in 1970, fifty-seven per cent;
- For taxable years beginning in 1971, seventy-one per cent; and
- For taxable years beginning in 1972, eighty-five per cent.

Where the determination of net income as a corporation other than a public service corporation results in a loss, the percentage for the taxable year stated in the table above shall be applied to the tax computed for the year under Sections 65-256, 65-257 and 65-263. The amount thus determined shall be the amount of credit granted for the year stated."

"Section 65-256.2. As of the beginning of the first taxable year of the credit period the basis of the property of any public service corporation for the purpose of computing depreciation under Section 65-259 (8) and for the purpose of computing gain or loss under Section 65-271 shall be the same basis as such property had on the last day of the taxable year ending prior to the credit period, except that the basis used for federal income tax purposes, adjusted for any unrecovered cost at, or any excess cost recovered prior to, the credit period may be used by any public service corporation.

In computing the net taxable income of corporations referred to in Section 65-256.1, interest paid between subsidiaries and parent corporations and affiliated corporations shall not be allowed as a deduction.

All rentals or other payments required to be made as a condition to the continued use or possession for the purpose of the trade of property to which the taxpayer has not taken or is not taking title or in which he has no equity except rentals or other such payments paid between subsidiaries and parent corporations and affiliated corporations shall be allowed as a deduction.

Any corporation provided for in Section 65-222 shall not include interest or rent received from its subsidiaries or affiliated corporations as income if such interest or rent received was not allowed as a deduction by such subsidiaries or affiliated corporations for South Carolina income tax purposes.

For the purposes of this section:

(1) The term 'parent corporation' shall include any subsidiary of the parent corporation.

(2) A corporation shall be deemed a subsidiary of another corporation hereby designated the parent corporation when directly or indirectly, it is subject to control by such other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interest, whether such control is direct or through one or more subsidiaries, affiliated or controlled corporations.

(3) A corporation shall be deemed an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever whether such control be direct or through one or more subsidiaries affiliated or controlled corporations.

Depreciable property acquired prior to the credit period shall continue to be depreciated under the methods of depreciation used for such prior period. Depreciable property acquired during and after the credit period may be depreciated in computing income as a corporation other than a public service corporation under any of the methods referred to in Federal Internal Revenue Code Sections 167 and 179 and applicable regulations."

"Section 65-256.3. For the purpose of the credit granted by Section 65-256.1, corporations entitled thereto, computing their tax as corporations other than public service corporations, shall apportion their remaining income, after allocation of income in accordance with Sections 65-279.1 and 65-279.2, in accordance with Sections 65-279.3 through 65-279.10, except for the following companies:

(1) *Railroad Companies.* Where the income is derived principally from the operation of a railroad the corporation shall apportion its net apportionable income to South Carolina on the basis of the ratio of 'railway operating revenue' from business done within this State to 'total railway operating revenue' from all business done by the taxpayer as shown by its records kept in accordance with the

Uniform System of Accounts prescribed by the Interstate Commerce Commission. For purposes of this subsection 'railway operating revenue from business done within this State' shall mean 'railway operating revenue' from business wholly within this State, plus the equal mileage proportion within this State of each item of 'railway operating revenue' received from the interstate business of the taxpayer. 'Equal mileage proportion' shall mean the proportion which the distance of movement of property and passengers over lines in this State bears to the total distance of movement of property and passengers over lines of the taxpayer receiving such revenues. 'Interstate business' shall mean 'railway operating revenue' from the interstate transportation of persons or property into, out of, or through this State. If the Commission shall find, with respect to any particular taxpayer, that its accounting records are not kept so as to reflect with exact accuracy such division of revenue by state lines as to each transaction involving interstate revenue, the Commission may adopt such regulations, based upon averages, as will approximate with reasonable accuracy the proportion of interstate revenue actually earned upon lines in this State. *Provided*, that where a railroad is being operated by a partnership which is treated as a corporation for income tax purposes and pays a net income tax to this State, or if located in another state would be so treated and so pay as if located in this State, each partner's share of the net profits shall be considered as dividends paid by a corporation for purposes of this article and shall be so treated for inclusion in gross income, deductibility, and separate allocation of dividend income.

(2) *Motor carriers of property and passengers.* Motor carriers of property shall apportion their net apportionable income to South Carolina by the use of the ratio of vehicle miles within South Carolina to total vehicle miles everywhere.

(3) *Telephone Companies.* Companies engaged in the furnishing of telephone service shall make returns and pay annually an income tax upon a proportion of their remaining net income computed on the basis of the gross receipts in this State during the income year to the total gross receipts of such year within and without the State. The term "gross receipts" shall mean the total monies collected or collectible for services or tolls wholly within, originating or terminating in South Carolina.

(4) *Pipeline Companies.* All business income of pipeline companies, derived from transportation for hire, shall be apportioned to this

State by multiplying the income by a fraction, the numerator of which is the revenue ton miles, revenue barrel miles or revenue cubic foot miles within this State during the tax period, and the denominator of which is the total revenue ton miles, revenue barrel miles or the total revenue cubic foot miles, of the taxpayer everywhere during the tax period. For purposes of this subsection, a revenue ton mile, a revenue barrel mile or a revenue cubic foot mile shall mean respectively one ton of solid property, one barrel of liquid property or one cubic foot of gaseous property transported one mile. All business income of pipeline companies, derived from the sale of tangible property and sources other than that defined herein, shall be apportioned to this State as provided in Section 65-279.3 through Section 65-279.6 of the 1962 Code.

(5) *Airline Companies.* Where the income is derived principally from the operation of an airline, the corporation shall apportion its net apportionable income to South Carolina on the basis of the ratio of the arithmetical average of each class of revenue derived from passengers or commodities loaded or unloaded in this State to the total revenue derived from each class loaded or unloaded everywhere. The word "commodities" includes, but is not limited to freight, mail, express and excess baggage."

"Section 65-256.4. Sections 65-256, 65-257 and 65-263 of the 1962 Code are repealed with respect to taxable years beginning on and after January 1, 1971. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(b) The State Highway Department shall determine the proper maximum speed for all State primary highway extensions into and through urban districts and shall declare a reasonable and safe maximum speed limit thereon which may be greater or less than the maximum speed otherwise permitted under this act for an urban district and such maximum speed limits shall be effective at all times during hours of darkness and at other times as may be determined when appropriate official signs giving notice thereof are erected upon such street or highway.

1. Decreases the limit at intersections; or
2. Increases the limit within an urban district but not to more than sixty miles per hour during daytime or fifty-five miles per hour during nighttime; or
3. Decreases the limit outside an urban district, but not to less than thirty-five miles per hour.

(b) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under this act for an urban district.

(c) Any altered limit established as hereinabove authorized shall be effective at all times or during hours of darkness or at other times as may be determined when appropriate signs giving notice thereof are erected upon such street or highway.

(b) Whenever the State Highway Department or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway consistently impede the normal and reasonable movement of traffic, the department or local authority may determine and declare a minimum speed limit below which no person shall

drive a vehicle except when necessary for safe operation or in compliance with law, when appropriate signs giving notice thereof are erected along the part of the highway for which a minimum speed limit is established. Also any minimum speed limit adopted by a municipality for a section of the State highway within the municipality shall not be effective until such minimum speed has been approved by the State Highway Department.

(c) No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

(d) The State Highway Department upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it finds that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this chapter, the department shall determine and declare the maximum speed of vehicles which such structure can safely withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained before each end of such structure.

(e) Upon the trial of any person charged with a violation of this section, proof of determination of the maximum speed by the department and the existence of such signs shall constitute conclusive evidence of the maximum speed which can be maintained with safety to such bridge or structure.

“Section 46-367. In every charge of violation of any speed regulation in this article, the complaint and summons or notice to appear shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.”

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. State Institution bonds—procedures for issuance to be changed.—The General Assembly has determined to change certain procedures relating to the issuance of State Institution bonds which are now authorized to be issued under the terms and conditions of Chapter 2, Title 22, Volume 6, Code of Laws of South Carolina, 1962, as amended. The chapter includes Sections 22-21 to 22-39, inclusive. To accomplish its purposes it is necessary that certain sections and paragraphs contained in the chapter be rewritten.

SECTION 2. Section 22-21 amended.—Section 22-21 of the 1962 Code is amended by adding after the words "The University of South Carolina," the words "in Columbia", and by striking out the words "The Clemson Agricultural College of South Carolina" and inserting in lieu thereof "Clemson University in Clemson", so that the section as so amended shall read as follows:

Winthrop College, and
South Carolina State College.

Hereafter in this chapter such institutions shall be denoted by the term 'State institution'."

SECTION 3. Section 22-22 amended.—Section 22-22 of the 1962 Code is amended by striking from the first sentence the words "by

each individual attending any of such State institutions', so that the section when amended shall read as follows:

"Section 22-22. *Tuition fees required at State institutions; 'State Board' defined.*—Tuition fees (as such term is defined in Section 22-23) shall be required to be paid in such amount or amounts and under such conditions as the respective boards of trustees of such State institutions shall prescribe, with the approval of the State Budget and Control Board, hereafter in this chapter referred to as the 'State Board'. The provisions of this section shall not be construed as requiring uniformity of tuition fees at such State institutions nor shall they preclude a higher scale for nonresidents of South Carolina."

SECTION 4. Section 22-23 amended.—Section 22-23 of the 1962 Code is amended by striking the last sentence and inserting in lieu thereof the following:

"For all purposes of this chapter the term 'tuition fees' shall include those fees charged by any State institution for tuition, matriculation and registration. The term 'tuition fees' shall not include sums charged for enrolling in courses or classes offered at any summer school term or in any special seminar, nor shall the term relate to or include fees levied or charged for purposes other than for the purposes of this chapter." When so amended the section shall read as follows:

"Section 22-23. *Remittance and application of tuition fees.*—All tuition fees received by any State institution shall be remitted from time to time to the State Treasurer under such regulations as he shall prescribe. The State Treasurer shall apply the same as directed by this chapter. For all purposes of this chapter the term 'tuition fees' shall include those fees charged by any State institution for tuition, matriculation and registration. The term 'tuition fees' shall not include sums charged for enrolling in courses or classes offered at any summer school term or in any special seminar, nor shall the term relate to or include fees levied or charged for purposes other than for the purposes of this chapter."

SECTION 6. Paragraph (3) of Section 22-25 amended—requirements for approval of application.—Section 22-25 of the 1962 Code is amended by striking therefrom paragraph (3) and inserting in lieu thereof the following which shall become paragraph number (3):

“(3) That the aggregate of tuition fees received by such State institution for the twelve calendar months preceding the month in which the application made pursuant to Section 22-24 is dated will, if multiplied by the number of years for which the bonds provided for by this chapter shall be outstanding, result in the production of a sum equal to not less than one hundred fifty per cent of the estimated aggregate principal and interest requirements of all State institution bonds issued for such State institution to be outstanding if such application be approved; *provided*, that in determining the one hundred and fifty per cent coverage hereby required, an appropriate credit shall be given for the then actual cash value of funds held by the State Treasurer pursuant to Section 22-38, which shall be accomplished by deducting the then amount of the cash value of the funds from the estimated aggregate principal and interest requirements of all State institution bonds issued for such State institution to be outstanding if the application be approved, and to the remainder thus calculated the coverage test shall be applied; and”

SECTION 7. Paragraph (8) of Section 22-26 amended—contents of request.—Section 22-26 of the 1962 Code is amended by striking paragraph (8) and inserting in lieu thereof the following which shall become paragraph number (8):

“(8) The sum received by such State institution from tuition fees for the twelve calendar months preceding the month in which the application made pursuant to Section 22-24 is dated.”

SECTION 8. Section 22-27 amended.—Section 22-27 of the 1962 Code is amended by striking from the first sentence the words “upon the basis of the number of regularly enrolled students at such State institution at the close of the last preceding academic semester or term, exclusive, of any summer school semester or term” and inserting in lieu thereof the words “upon the basis of the sum received by such State institution from tuition fees for the twelve calendar months

preceding the month in which the application made pursuant to Section 22-24 is dated". When so amended the section shall read as follows:

"Section 22-27. *Governor and State Treasurer may authorize issuance of bonds.*—It shall be the duty of the Governor and the State Treasurer to examine the request mentioned in Section 22-26, and if they shall jointly approve it, and, for themselves, determine that the schedule of tuition fees in force at such State institution will, upon the basis of the sum received by such State institution from tuition fees for the twelve calendar months preceding the month in which the application made pursuant to Section 22-24 is dated, produce funds sufficient to meet the principal and interest requirements on the proposed bonds and on all outstanding State institution bonds issued for such State institution, and provide the margin for such principal and interest requirements to the extent required by paragraph (3) of Section 22-25, they shall be empowered to provide for the issuance of State institution bonds in the amount approved by the State Board."

SECTION 9. Section 22-29 amended.—Section 22-29 of the 1962 Code is amended by striking out the words "twenty-five million dollars" and inserting in lieu thereof "thirty-five million dollars" so that the section when so amended shall read as follows:

"Section 22-29. *Maximum amount of outstanding bonds.*—Other provisions of this chapter to the contrary notwithstanding, there shall not be outstanding at any given time State institution bonds for all institutions in excess of thirty-five million dollars."

SECTION 10. Section 22-32 amended.—Section 22-32 of the 1962 Code is amended by striking therefrom the third sentence and inserting in lieu thereof the following: "Each issue of State institution bonds shall mature in annual series or installments, the last of which shall mature not more than twenty years after the date of the bonds, but no bonds shall be issued under the authority of this chapter to mature after the year 1995." When so amended the section shall read as follows:

"Section 22-32. *Denominations; interest rate; maturity and redemption.*—The State institution bonds shall be in the denomination of one thousand dollars or in any multiple thereof. They shall bear interest, payable semi-annually, at a rate or rates not exceeding the maximum interest rate specified in the State Board's request for the issuance of the State institution bonds. Each issue of State insti-

tution bonds shall mature in annual series or installments, the last of which shall mature not more than twenty years after the date of the bonds, but no bonds shall be issued under the authority of this chapter to mature after the year 1995. The installments or series may be equal or unequal in amount. The State institution bonds may, in the discretion of the State Board, be made subject to redemption at par and accrued interest, plus such redemption premium as it shall approve, and on such occasions as may be specified in the request for the issuance of the State institution bonds. State institution bonds shall not be redeemable before maturity unless they contain a statement to that effect."

SECTION 11. Section 22-38 amended.—Section 22-38 of the 1962 Code is amended so as to clarify the authorization to issue State institution bonds if tuition fees meet principal and interest requirements and to specify that it is not intended that the limitation imposed by Section 22-29 shall preclude the revision thereof by subsequent legislative enactment, and to provide that there shall be no preference or priority between the holders of bonds as to the proceeds of the tuition fee fund of any State institution, and that all outstanding bonds issued for such State institution shall be equally and ratably secured, and to delete from the section paragraph three which requires tuition fees to become a part of the general fund of the State. The section when so amended shall read as follows:

"Section 22-38. *Clarifying the authorization to issue State institution bonds if tuition fees meet principal and interest requirements.*—Immediately following the determination of the Governor and the State Treasurer to provide for the issuance of State institution bonds, the Treasurer shall segregate into a special fund all tuition fees of the State institution for which State institution bonds are to be issued, and the State Treasurer shall apply such special fund to the payment of the principal, interest and redemption premium, if any, on all bonds issued pursuant to this chapter for such State institution, and for no other purpose. The State Treasurer may, in his discretion, invest any part of such special fund in direct obligations of the United States or of this State. Whenever the aggregate of the cash and the then market value of the securities in such special fund shall equal the aggregate principal and interest requirements on all bonds issued pursuant to this chapter for such State institution then outstanding, the tuition fees of such State institution shall revert to the general fund of the State.

It is not intended that the provisions of this section shall preclude there being issued and outstanding more than one issue of State institution bonds whose proceeds shall be applied, in whole or in part, for any one particular State institution, if the tuition fees of such particular State institution will produce sufficient funds to meet the principal and interest requirements on the proposed issue, and all outstanding issues for such institution, made pursuant to this chapter. Nor is it intended that the limitation imposed by Section 22-29 shall preclude revision thereof by subsequent legislative enactment. It is merely intended that so long as there are outstanding bonds issued for any State institution, the tuition fees of such State institution shall be applied within the limitations of this section to the payment of the principal, interest and redemption premium if any, of all bonds issued for improvements at such State institution pursuant to this chapter, and for no other purpose. There shall be no preference or priority between the holders of bonds as to the proceeds of the tuition fee fund of any State institution and all outstanding bonds issued for such State institution shall be equally and ratably secured."

SECTION 12. Time effective.—This act shall take effect upon approval by the Governor.

No. 971

An Act To Provide For The Conduct Of Elections In This State And To Repeal Chapter 5, Title 23, Code Of Laws Of South Carolina, 1962, Relating To Conduct Of Elections.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1.

ARTICLE 1

WHEN, WHERE AND HOW ELECTIONS HELD

(1) *General Elections for Federal, State and County Officers.*—General elections for Federal, State and county officers in this State shall be held on the first Tuesday following the first Monday in November in each even-numbered year at such voting places as have been or may be established by law. All general or special elections held pursuant to the Constitution of this State shall be regulated and conducted according to the rules, principles and provisions herein prescribed.

COMMENT: This section is the same as former Section 23-302, except that the title is changed to make it more descriptive and the language is changed to refer to "every even-numbered year" rather than "1962 and in every second year thereafter." The result of the language is the same and obviates the need for amendment to the section every ten years as has been customary heretofore.

(2) *When general election for certain other county officers held.*—There shall be a general election for county supervisors, county superintendents of education, sheriffs, coroners and clerks of the courts of common pleas held in each county at every alternate general election, reckoning from the year 1960, except in those counties in which the term of office of any such officers may be for a period

other than four years. In such cases elections to fill such offices shall be held at the general election next preceding the expiration of any such term of office.

COMMENT: No change from Section 23-303.

(3) *Same; exceptions in Berkeley, Cherokee and Hampton Counties.*—The clerk of court in Berkeley and Cherokee Counties, the sheriff and coroner in Berkeley, Cherokee and Hampton Counties and the sheriff in Beaufort and Kershaw Counties shall be elected at every alternate general election, reckoning from the year 1958.

COMMENT: No change from Section 23-304. This section has been held to be constitutional and not special legislation. There have been dissents on this part.

(4) *Election of probate judges.*—The probate judge in every county shall be elected at every alternate general election, reckoning from the year 1958.

COMMENT: No change from Section 23-305.

(5) *Same; exception in Georgetown County.*—Notwithstanding the provisions of (4), such election of the probate judge shall be held in Georgetown County at each alternate general election, reckoning from the year 1960.

COMMENT: Same as Section 23-305.1.

(6) *Primary election nomination of candidates.*—In the event that a party shall nominate candidates by party primary election, a party primary election shall be held by such party on the second Tuesday in June of each general election year and a second and third primary election each two weeks successively thereafter, if necessary. The entries for those wishing to offer for nomination in such party primary for a Statewide, congressional or district office which includes more than one county shall open at noon on the day after the day the State convention convenes and close at noon two weeks thereafter, and the entries for those wishing to offer for nomination in such party primary for State Senator, a countywide or less than countywide office shall open at noon on the day the county convention convenes and close at noon two weeks thereafter. If, after the closing of the time for filing pledges, there be not more than two candidates for any one office and one or more of such candidates dies or withdraws, the State or county committee, as the case may be, may, in its discretion, afford opportunity for the entry

of other candidates for the office involved; *provided*, that for the office of State Senator, the discretion shall be exercised by the State committee.

COMMENT: Same as Section 23-372 as amended by 1966 Act bearing ratification No. 860.

(7) *Second and other primaries*.—A second primary, when necessary, shall be held two weeks after the first and shall be subject to the rules governing the first primary. At such second primary the two candidates receiving the highest number of votes in the first primary alone shall run for any one office, except that if there are two or more vacancies for any particular office the number of candidates shall be double the number of vacancies to be filled. In all second primaries the candidate receiving the largest number of votes cast for a given office shall be declared the nominee for such office whether or not such person shall have received a majority of the votes cast for that office, and when there are several candidates for several different offices, such as candidates for the House of Representatives, then the several candidates receiving the largest number of votes for the several positions shall be considered as nominated for such offices whether they shall have received a majority of the votes cast therefor or not. In the event of a tie between two candidates in the second primary, the county chairman, if it is a primary for a county office wherein the ties shall occur, or the State chairman, if it is a primary for United States Senator or for any State office, congressman or solicitor wherein the tie shall occur, shall order a third primary. Other primaries, if necessary, shall be ordered in like manner by the county chairman or the State chairman, as the case may be.

COMMENT: Same as Section 23-387, with minor editorial change.

(8) *Hours polls open*.—The polls shall be opened at eight o'clock in the forenoon and close at seven o'clock in the afternoon of the day of election and shall be held open during these hours without intermission or adjournment; but the county committee may close any poll or all polls within any county in any primary election at an earlier hour.

COMMENT: Closing time changed from "six" to "seven" to allow more time for voting because of new foreseeable difficulties. Section 23-342.1 and 342.3 have been deleted by Act of the General Assembly (R370, H1441).

(9) *Same; times polls close in Lancaster County.*—For any referendum, primary, general election or special election held in Lancaster County, any voting precinct may remain open as late as eight P. M., if, in the judgment of the managing body of the precinct, it is necessary to permit qualified electors to vote who could not vote during the normal voting hours. But before any poll in any voting precinct shall remain open after the regular closing time, notice shall be given once a week for at least two weeks prior to the election that the polls shall remain open for an additional period of time, which time shall be stated in the notice.

COMMENT: Changed “executive committeeman” to “managing body” to make applicable to election specified.

(10) *Commissioners and managers of elections.*—For the purpose of carrying on general or special elections provided for in (1) the Governor shall, at least thirty days prior to any such election, appoint for each county three commissioners of election upon the recommendation of the Senator and at least half of the members of the House of Representatives from the respective counties. Such commissioners shall continue in office until their successors are appointed and qualified. The commissioners of election shall appoint three managers of election for each polling place at each election precinct of the county for which they shall respectively be appointed, and none of such officers shall be removed from office except for incompetence or misconduct. Three additional managers of election may be appointed for any polling place at which five hundred or more registered electors are entitled to vote. After their appointment the commissioners and managers shall take and subscribe, before any officer authorized to administer oaths, the following oath of office prescribed by Section 26 of Article III of the Constitution:

“I do solemnly swear (or affirm) that I am duly qualified, according to the Constitution of this State, to exercise the duties of the office to which I have been appointed, and that I will, to the best of my ability, discharge the duties thereof, and preserve, protect and defend the Constitution of this State and of the United States. So help me God.”

and it shall be immediately filed in the office of the Clerk of Court of Common Pleas of the county in which such commissioners and managers shall be appointed, or, if there be no such clerk, in the office of the Secretary of State. Before opening the polls, the man-

agers of election shall take and subscribe the oath provided for in (13). Upon the completion of the canvassing of votes, this oath shall be filed with the commissioners of election along with the ballots from that election precinct.

COMMENT: An attempt to provide for additional help to voters and to speed up the voting process has been made by allowing additional managers for each five hundred registered voters.

(11) *Organization of board; clerk.*—The managers may appoint a clerk to assist them in their duties, who shall take the oath of office prescribed by Section 26 of Article III of the Constitution before the chairman of the board of managers. The commissioners and managers at their first meeting, respectively, shall proceed to organize as a board by appointing one of their number chairman of the board. And such chairman, in each instance, may administer oaths.

COMMENT: Same as Section 23-307.

(12) *Managers of primaries.*—The county committee shall meet on or before the second Monday in May of each general election year and appoint the managers for the primaries. Three managers shall be appointed for each voting place, and a clerk or clerks shall also be appointed for such voting places as the various county committees may determine. Three additional managers may be appointed for any polling place at which five hundred or more registered electors are entitled to vote. The names of all managers and clerks shall be published in one or more county newspapers at least two weeks before the election.

COMMENT: Changed as in former section to provide additional assistance.

(13) *Oath of managers.*—The managers before opening the polls, shall take and sign the following oath: "We do solemnly swear that we will conduct this election according to law and will allow no person to vote who is not entitled by law to vote in this election, and we will not unlawfully assist any voter to prepare his ballot and will not advise any voter as to how he should vote at this election."

COMMENT: Same as Section 23-378, except that the language is changed to make the section appropriate to all elections. Note that general election officials must also take the oath provided by (10) in accordance with Section 26 of Article III of the Constitution.

(14) *Managers' table; guard rail; general arrangement.*—The polling places shall be provided with a table for the managers. The polls shall be provided with a guard rail, so that no one except as herein authorized shall approach nearer than five feet to the booths in which the voters are preparing their ballots. All peace officers shall answer all such calls for help in preserving the peace as may be made by the managers of election.

COMMENT: Same as Section 23-360.

(16) *Failure to assist in maintaining order.*—Any person who, when summoned or called upon by peace officers, shall fail or refuse to assist him in maintaining the peace and good order at the polls shall be fined in a sum not to exceed one hundred dollars or imprisoned not to exceed thirty days.

COMMENT: Same as Section 23-361, except that peace officers are allowed to call for assistance. This allows broader enforcement in cities and towns by local police officials.

(17) *Peace officers to enter polling place only on request or to vote.*—No sheriff, deputy sheriff, policeman or other officers shall be allowed to come within the polling place except to vote unless summoned into it by a majority of the managers. Any elector or qualified watcher may, and it shall be the duty of the managers of the election to, challenge the vote of any person who may be known or suspected not to be a qualified voter; *provided*, however, that such challenges by persons other than a

Each box shall be provided with a sufficient lock and shall be publicly opened and inspected, to show that it is empty and secure, and locked just before the opening of the poll. The keys shall be returned to the managers and the box shall not be opened during the election. Each box shall be labeled in plain and

distinct roman letters with the office or officers voted for and shall be painted in a color corresponding to the proper ballot to be placed therein, or have sample ballots conspicuously affixed to the box in which like ballots are to be deposited, and the managers, on the demand of the voter, shall be required to read to him the names of the boxes. The ballot boxes shall be so located as to be in view of the persons outside of the rail at the polling place during the time of the voting.

COMMENT: Same as Section 23-354 except that language is added to provide for each box to be appropriately colored matching the ballot to be placed therein, or for a sample ballot affixed thereto. This should assist handling of ballots by illiterate persons.

Every watcher appointed hereunder must be a qualified voter in the county where he is to watch, and must be certified to the managers of the voting precinct to which assigned, in writing, signed by the candidate or by an appropriate party official as having been designated to so act. Such watchers shall, at all times, wear appropriate, visible identification specifying the candidate or party which they represent. No such watcher shall conduct himself in a manner that will interfere in the orderly conduct of the election or influence any voter in the casting of his ballot.

The notice of candidacy required by this section to be filed by a candidate in a primary must be signed personally by the candidate, and such signature of the candidate must be signed in the presence of the county chairman or such other officer as may be named by the county committee with whom such candidate is filing, or a candidate must have his signature on the notice of the candidacy acknowledged and

certified by any officer authorized to administer an oath. Any notice of candidacy of any candidate signed by an agent in behalf of a candidate shall not be valid.

In the event that a person who was defeated as a candidate for nomination to an office in a party's primary election shall thereafter offer or campaign as a candidate against any nominee for election to any office in the ensuing general election, the State Chairman of the party which held such primary (if the office involved is one voted for in the general election by the electors of more than one county), or the County Chairman of the party which held such primary (in the case of all other offices), shall forthwith institute an action in a court of competent jurisdiction for an order enjoining such person from so offering or campaigning in the general election, and the court is hereby empowered upon proof of such facts to issue such order.

SECTION 4.

ARTICLE 4

CANVASSING AND COUNTING OF BALLOTS

(1) *County ballots and declaration of result.*—At the close of the election the managers and clerk shall immediately proceed publicly to open the ballot boxes and count the ballots therein and shall continue such count, without adjournment or interruption, until it is completed. They shall then make and sign such statement of the result thereof as the nature of the election shall require.

COMMENT: Same as Section 23-356.

(2) *Ballot improperly marked.*—If a voter marks more or less names than there are persons to be elected or nominated to an office or if for any reason it is impossible to determine the voter's choice for any office to be filled, his ballot shall not be counted for such office; but this shall not vitiate the ballot, so far as properly marked. Nothing herein shall be construed to prevent any voter in a general or special election from voting for any qualified person, other than those whose names are printed on the ballot, by writing in the name of the person opposite the office.

COMMENT: Same as Section 23-357.

(3) *Certain other ballots not counted.*—If ballots shall be found on opening the box, upon which shall appear the name of an office or the name of a person in connection with an office other than that for which the box in which such ballot is found shall be designated and labeled, these ballots shall be counted, if in counting the ballots for that office the number of ballots does not exceed the number of names on the poll list. If the number of names on the poll list is exceeded by counting all of the ballots, then none of the ballots for that office found in the incorrect box shall be counted. If, in counting, two or more like ballots shall be found folded together compactly, one shall be counted. The other shall be destroyed. But if they bear different names, all shall be destroyed and none counted.

COMMENT: Same as Act R252, H. 1023, adopted in 1965.

(4) *Procedure when too many ballots found in box.*—If more ballots shall be found on opening the box than there are names on the poll list, all the ballots shall be returned to the box and thoroughly mixed together, and one of the managers or the clerk shall, without seeing the ballots, draw therefrom and immediately destroy as many

ballots as there are in excess of the number of names on the poll list. But if the ballots found in the box exceed the number of names on the poll list by twenty-five votes or ten per cent of the votes cast, whichever is the lesser, the ballots shall not be counted, but a new primary or election may be ordered for the particular polling place involved.

COMMENT: Same as Section 23-359.

(5) *Accounting for ballots, etc., after election; statement of result.*—When the canvassing and counting of the votes are completed, the chairman of the managers, or one of them to be designated in writing by the managers, shall deliver to the commissioners of election the poll list, the boxes containing the ballots and a written return of the result of the election in the voting precinct. Managers shall account to the commissioners of election of the county for all ballots delivered to them and make the following returns, (a) the number of official ballots furnished to each voting precinct, (b) the number of official ballots spoiled and returned by voters, (c) the number of official ballots returned to the commissioners of election and (d) the number of official ballots actually voted.

The commissioners of election shall keep in possession all unused ballots, as well as those that have been spoiled, until the time for contesting the election has expired. Any ballot that has been lost must be accounted for by a certificate from the chairman of the managers of the particular precinct covering the circumstances.

COMMENT: Same as Section 23-325. Section 23-386 is deleted to avoid duplication. The last paragraph has been changed so as to eliminate the requirement of forwarding ballots to the Secretary of State and requiring the commissioners of election to retain possession of the ballots until the period of contest has expired.

(6) *Reporting of election results.*—Within twenty-four hours of the completion of the canvassing and counting of ballots, the persons in charge of each such election in each county shall notify the Secretary of State of the unofficial results of such election in each such county; *provided*, however, that failure to comply with the provisions of this section shall not invalidate the votes cast therein.

COMMENT: Requested by the Secretary of State to enable some orderly collection of unofficial election results by the Secretary of State.

(7) *When Governor to order new election.*—Whenever any election official or officials of any political subdivision of this State charged with ordering, providing for or holding an election has or have neglected, failed or refused to order, provide for or hold such election at the time appointed therefor, or in the event such election shall result in a tie vote leaving the matter at issue undecided or shall for any reason be declared void by competent authority, and any of these facts shall be made to appear to the satisfaction of the Governor, he shall, should the law not otherwise provide for such a contingency, order an election or a new election to be held at such time and place or places, and upon such notice being given as to him may seem adequate to insure the will of the electorate being fairly expressed. To that end he may designate the existing election official or officials or such other person or persons as he may appoint to perform the necessary official duties pertaining to such election and to declare the result thereof.

COMMENT: Same as Section 23-326.

SECTION 5. (a) Each candidate for the office of State Senator in three and four county districts to which are assigned two Senate offices, regardless of political party affiliation, shall file his intention of candidacy with the Secretary of State, on such form as shall be provided by the Secretary, within the same period of time for filing as provided for such office in Section 1 (6) of this act. All such candidates who are residents of the same county must file for the same numbered office and the first to file from each county shall make the designation.

The name of any candidate who fails to comply with the provisions of this section shall not be placed on any election ballot, notwithstanding any other provision of law to the contrary.

The filing required in this section shall be in addition to any other filing required by law.

(b) Appropriate forms for the use of candidates referred to in subsection (a) shall be supplied in duplicate by the Secretary of State. Such forms shall contain space for the following information to be furnished thereon: Name of candidate; county of residence; senatorial district number; Senate office number for which a candidate; political party of candidate; whether or not nominated at time of filing; and method of nomination, convention or primary.

After completion of the form in duplicate, the Secretary of State shall acknowledge on the duplicate that the candidate has duly filed

his intention of candidacy. The duplicate shall then be given to the candidate.

(c) Within five days after the time for filing has expired, the Secretary of State shall certify the list of candidates referred to in subsection (a) to the State committee of the respective political parties of the candidates.

The reason or reasons for revocation of a license shall be one or more of the following:

(1) The licensee has failed to pay the annual license fee.

(2) The licensee has failed to operate the business of lending for a continuous period of sixty days or more, unless the licensee shall have, prior to a finding by the board that such licensee is inoperative, secured the written approval of the board to suspend business operations for a reasonable additional period.

(3) The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provisions of this act or any regulation or order lawfully made pursuant to and within the authority of this act.

(b) If the board finds that probable cause for revocation of any license exists and that enforcement of the act requires immediate suspension of such license pending investigation, it may, upon ten days' written notice and a hearing, enter an order prohibiting such licensee from making any loans for a period not exceeding thirty days.

(c) Whenever the board shall revoke or suspend a license issued pursuant to this act, it shall enter an order to that effect and forthwith notify the licensee of the revocation or suspension. Within five days after the entry of such an order it shall place on file its findings of fact and a summary of the evidence supporting them and forthwith deliver a copy to the licensee.

(d) Any licensee may surrender any license by delivering it to the board with written notice of its surrender, but such surrender shall not affect his civil or criminal liability for acts committed prior thereto.

(e) No revocation, suspension or surrender of any license shall impair or affect the obligation of any pre-existing lawful contract between the licensee and any obligor.

(f) The board may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked, if no fact or condition then exists which clearly would have justified the board in refusing originally to issue such license under this act.

SECTION 9. Examinations, Investigation, Injunctions.

(a) At least once each year a duly authorized representative of the board shall visit each place of business of each licensee and thoroughly inspect and examine its affairs, including the loans, transactions, books, papers, annual reports required by Section 10 (b) hereof and records of such licensee so far as they pertain to the business licensed under this act. The actual cost of any examination shall be paid to the board by each licensee so examined, with the exception of the first examination in each licensed year, and the board may maintain an action for such costs in any court of competent jurisdiction.

(b) For the purpose of discovering violations of this act or of securing information lawfully required hereunder, the board or its duly authorized representatives may at any time investigate the business and examine the books, accounts, papers and records used therein of (1) any licensee, (2) any other person engaged in the business described in subsection (a) of Section 2 of this act or participating in such business as principal, agent, broker or otherwise and (3) any person whom the board has reasonable cause to believe is violating or is about to violate any provisions of this act, whether or not such person shall claim to be within the authority or beyond the scope of this act. For the purposes of this section, any person who shall advertise for, solicit or hold himself out as willing to make loan transactions in the amount of or the value of seventy-five hundred dollars or less shall be presumed to be engaged in the business described in subsection (a) of Section 2 of this act.

(c) For the purposes of this section, the board or its duly authorized representatives shall have and be given free access to the offices and places of business, files, safes and vaults of all such persons, and shall have authority to require the attendance of any person and to examine him under oath relative to such loans or such business or to the subject matter of any examination, investigation or hearing.

(d) Whenever the board has reasonable cause to believe that any person is violating or is threatening to, or intends to violate any provisions of this act, it may, in addition to all the actions provided for in this act and without prejudice thereto, enter an order requiring such person to desist or refrain from such violations; and if it deems necessary the board shall apply to a judge of the circuit court to issue an injunction restraining the licensee, in whole or in part, from proceeding, engaging in, or continuing such violation or from doing any act or acts in furtherance thereof. The judge may issue an injunction forthwith, and upon notice and hearing thereon and after a full hearing of the matter, may dissolve or modify the injunction or make it permanent and may make all orders and judgments needful in the matter and may appoint agents or a receiver to take possession of the property and effects of the licensee and settle its affairs subject to such rules and orders as the court shall prescribe from time to time.

SECTION 10. Books and Records; Annual Reports.

(a) Each licensee shall keep and use in his business such full and correct books and accounting records as are in accordance with sound and accepted accounting principles and practices and such books and records, including cards used in the card system, if any, as are in accord with the rules and regulations lawfully made by the board. Each licensee shall preserve such books, accounts and records, including cards used in the card system, if any, for at least two years after making the final entry on any loan recorded thereon. The renewal or refinancing of a loan shall constitute a final entry.

(b) Every licensee shall file in the office of the board, on or before the first day of April, a report for the preceding calendar year. The report shall give information with respect to the financial condition of such licensee, and shall include the name and address of the licensee, balance sheets at the beginning and end of the accounting period, a statement of income and expenses for the period, a reconciliation of surplus with the balance sheets, a schedule of assets used and useful in the consumer finance business in the State, an analysis of charges, size of loans and types of actions undertaken to effect collection and such other relevant information in form and detail as the board may prescribe. Such report shall be made under oath and shall be in the form prescribed by the board which shall make and publish annually an analysis and recapitulation of such reports.

(c) In addition to the report required by the provisions of Section 10 (b), the board may under rules and regulations promulgated by

it under the procedure provided in this act require quarterly and/or semiannual reports from licensees to facilitate the performance of its duties and to effectively regulate the making of loans under this act.

SECTION 11. Rules and Regulations, Copies of Regulations and Orders.

(a) The board shall have the power and authority to make rules and regulations which interpret or explain any section or sections of this act, as it may deem necessary. Such regulations shall be referenced to the section or sections of this act which set forth the legislative standards which they interpret or explain. When promulgated and made, the rules and regulations shall be filed with the Secretary of State and the board shall otherwise comply fully with the provisions of Sections 1-11 through 1-17, Code of Laws of South Carolina, 1962.

(b) On application of any person and payment of the cost thereof, the board shall furnish under its seal and duly signed, a certified copy of any license, regulation or order. Such copy shall be prima facie evidence of the fact of the issuance of such license, regulation or order in any court or proceeding.

SECTION 12. Advertising. No licensee or other person subject to this act shall advertise, display, distribute, broadcast, televise or cause or permit to be advertised, displayed, distributed, broadcast or televised in any manner whatsoever, any false, misleading or deceptive statement or representation with regard to the rates, terms or conditions for loans. The board may require that charges or rates, if stated by a licensee, be stated fully and clearly in such manner as it may deem necessary to prevent misunderstanding thereof by prospective borrowers. The board may permit licensees to refer in their advertising to the fact that their business is under state supervision, subject to conditions imposed by it to prevent an erroneous impression as to the scope or degree of protection provided by this act.

SECTION 13. Other Business; Name.

(a) No licensee shall conduct the business of making loans under this act within any office, room or place of business in which any other business is solicited or engaged in, or in association or conjunction therewith, if the board shall find, after a hearing, that the conduct of such business by the licensee concealed evasions of this

act or of the rules and regulations made hereunder, and shall order such licensee in writing to desist from such conduct.

(b) No licensee shall make any loan provided for by this act under any name other than that stated in the license.

SECTION 14. (a) *Maximum Charges Permitted.*

A licensee under this act may lend any sum of money not exceeding seventy-five hundred dollars, excluding charges, and notwithstanding the fact that the loan may be repayable in substantially equal monthly installments, may contract for and receive finance charges not to exceed :

(1) *On loans with a cash advance not exceeding ninety dollars*, a charge not to exceed two dollars and fifty cents per month if contracted for in writing by the borrower, may be charged in lieu of interest, and such loans may be repaid in weekly payments, with four weeks constituting a month.

(2) *On loans with a cash advance exceeding ninety dollars but not exceeding one thousand dollars*, twenty dollars per one hundred dollars on that portion of the cash advance not exceeding one hundred dollars; eighteen dollars per one hundred dollars on that portion of the cash advance exceeding one hundred dollars but not exceeding three hundred dollars; and nine dollars per one hundred dollars on that portion of the cash advance exceeding three hundred dollars but not exceeding one thousand dollars, when the loan is made payable over a period of one year, and proportionately at those rates over a longer or shorter period of time.

In addition to the finance charges authorized in subparagraphs (1) and (2) of this subsection (a), a licensee under this act may contract for and receive an initial charge in such an amount as may be agreed upon in writing with the borrower, but not to exceed six per cent of the cash advance or seven dollars and fifty cents, whichever is the lesser, for the expenses, including but not limited to any attorney's fees and broker's fees, then or theretofore incurred and the services then or theretofore rendered by the lender incident to the loan or the security therefor, such as investigating the moral and financial standing of the borrower, investigating the security, title and similar investigations and for closing the loan, including any and all expenses incurred or services rendered at the request of the borrower or on his behalf in connection with the loan. Such initial charge shall not be contracted for and received on any renewal loan or other loan made to the same borrower more often than once in a three months period;

provided, however, that upon any loan made to such borrower of a sum in excess of the amount on which such initial charge may have been charged within such three month period, then such initial charge may be contracted for and received on such excess. Such initial charge is a one-time charge, not a per annum charge, and shall not be subject to refund.

(3) *On loans with a cash advance exceeding one thousand dollars but not exceeding seventy-five hundred dollars*, the finance charges authorized in subparagraphs (1) and (2) of this subsection (a) shall not be permitted on any part of the loan. On such loans a licensee under this act may contract for and receive finance charges not to exceed seven dollars per one hundred dollars of the cash advance, when the loan is made payable over a period of one year, and proportionately at that rate over a longer or shorter period.

In addition to the finance charges authorized in subparagraph (3) of this subsection (a), a licensee under this act may contract for and receive an initial charge in such an amount as may be agreed upon in writing with the borrower, but not to exceed five per cent of the cash advance or two hundred dollars, whichever is lesser, for the expenses, including but not limited to any attorney's fees and broker's fees, then or theretofore incurred and the services then or theretofore rendered by the lender incident to the loan or the security therefor, such as investigating the morals and financial standing of the borrower, investigating the security, title and similar investigations and for closing the loan, including any and all expenses incurred or services rendered at the request of the borrower or on his behalf in connection with the loan. Such initial charge shall not be contracted for or received on any renewal loan made to the same borrower more often than once in a twelve-month period; *provided*, however, that upon any loan made to such borrower of a sum in excess of the amount on which such initial charge may have been charged within such twelve-month period, then such initial charge may be contracted for and received on such excess. If a loan is renewed or refinanced after the expiration of the initial twelve-month period, the initial charge may not exceed two per cent of the cash advance. The initial charge is a one-time charge, not a per annum charge, and shall not be subject to refund.

(b) *Payments and Maximum Term of Loan Contract.*

The payments on any loan governed by this act shall be in substantially equal, consecutive, monthly installments and shall be in an amount not less than ten dollars per month, exclusive of finance

charges. The final installment shall mature within the time limits set out below :

Cash advance of \$1000 or less	24½ months
Cash advance of \$1001 to \$1500	36½ months
Cash advance of \$1501 to \$2000	48½ months
Cash advance of \$2001 to \$7500	60½ months

Payment Prior to Maturity.

(c) Any balance to become payable under any loan contract made under the provisions of this act may be repaid in full prior to maturity. When such balance is so repaid before maturity, whether by payment in cash, a new loan, renewal or otherwise, the unearned portion of the charges shall be refunded or credited to the borrower. The amount of the refund or refund credit shall represent at least as great a proportion of the total charges as the sum of the periodical time balances after the date of the prepayment bears to the sum of all periodical time balances under the schedule of payments in the loan contract ; *provided*, that if a loan is renewed or refinanced during the first ninety days of the loan contract period, the refund shall be on a pro-rata basis.

Splitting of Loan.

(d) No licensee shall induce or permit any person, nor any husband and wife, jointly or severally, to become obligated directly or contingently, or both, under more than one contract of loan at the same time, for the purpose of or with the result of obtaining a higher rate of interest or greater charge than would otherwise be permitted by this act.

Delinquent Charge.

(e) In addition to the charges and fees provided for by this act, no further or other amount whatsoever shall be directly or indirectly charged, contracted for, or received, except that a licensee hereunder may, if agreed to in writing, contract for, impose and collect a delinquent charge of five cents per dollar for each full dollar of an installment which is delinquent for five or more days, which charge may be imposed only once on each delinquent installment and provided where a portion of an installment is delinquent, the delinquent charge may be imposed only once on that portion of the installment which is delinquent. However, such restriction shall not apply to the actual fees paid a public official or agency of a State for filing, recording or releasing any instru-

ment securing the loan, or actual and reasonable attorney fees as determined by the court in which suit is filed and court costs incurred in the collection in default, or to the actual and reasonable expenses of repossession, storing and selling of any property pledged as security on any contract in default, or insurance premiums or identifiable charges authorized by this act. If any amount in excess of the charges permitted by this act is charged, contracted for, or received, except as the result of an accidental or bona fide error, the contract of loan shall be void, and the licensee shall have no right to collect or receive any principal, interest, charge or recompense whatsoever; and the licensee and the several members, officers, directors and agents thereof who shall have participated in such violation shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punishable by a fine of not more than five hundred and not less than two hundred dollars or by imprisonment for not less than thirty days nor more than six months.

Deferment Charge.

(f) If, as of an installment due date, the payment date of all wholly unpaid installments is deferred one or more full months and the maturity of the contract is extended for a corresponding period, the licensee may charge and collect a deferment charge not exceeding 1% per month of the outstanding balance for each month of the deferment period, provided that 2% per month of the outstanding balance for each month of the deferment period may be charged on loans where the original cash advance is \$500.00 or less. The deferment period is that period during which no payment is made or required by reason of such deferment, except that no deferment made pursuant to this subsection shall extend the maturity of any contract made under this act for more than two months during any 12 months period. The deferment charge may be collected at the time of deferment or at any time thereafter. The portion of the charges contracted for under Section 14 (a) and (d) applicable to each deferred balance and installment period following the deferment period shall remain the same as that applicable to such balance and period under the original loan contract. No installment on which a delinquent charge has been collected, or on account of which any partial payment has been made, shall be deferred or included in the computation of the deferment charge. If a loan is prepaid in full during the deferment period, the borrower shall receive, in addition to the refund required under Section 14 (c) hereof, a refund of that por-

tion of the deferment charge applicable to any unexpired full month or months of such deferment period.

Provided, however, no deferment charge for a deferment of a period of one month or less shall exceed ten dollars.

Charges not Deducted in Advance.

(g) Finance charges and initial charges made under this act shall not be paid, deducted, or received in advance, but shall be added to the cash advance.

Loans to Purchase Real Estate Prohibited.

(h) A licensee shall not contract for or receive the charges authorized by this act, on any loan which is directly or indirectly for the purchase price of real estate or an interest therein and which is secured by a purchase money lien or interest therein; *provided*, that this paragraph shall not be construed to prohibit a licensee from taking a non-purchase money lien, whether primary or secondary, on real estate as security for a loan made in compliance with this act, and contracting for or receiving on such loan the charges authorized by this act.

SECTION 15. Disclosure of Terms of Contract, and payment of Loans.

(a) The licensee shall disclose, at the time a loan is made, the following to the obligor on a loan transacted pursuant to this act, (if there are two or more obligors on the loan contract, delivery to one of them shall be sufficient) in a written statement in conspicuous type:

(1) The amount and date of the note or loan contract and of its maturity;

(2) The original principal amount of the loan excluding any charge made under Section 14 of this act;

(3) The original dollar charge for the loan;

(4) A description of the payment schedule;

(5) The right of the obligor to prepay the loan in full prior to maturity, and the fact that such prepayment in full will reduce the charge for the loan;

(6) The nature of the security, if any;

(7) Every deduction from the loan or payment made by the obligor through the licensee for insurance, and a description of the insurance coverage for which each deduction or payment was made;

(8) The name and address of the obligor and of the licensee;

(9) Signature of principal borrower directly beneath amount of cash borrower actually receives.

(b) For each payment in cash made on any loan the licensee shall furnish a full and complete receipt.

(c) Upon payment of any loan in full the licensee shall return to the customer, marked 'paid', the note or other evidence of indebtedness of the loan and the security signed by any obligor and release any mortgage, restore any pledge and cancel and return any note and any assignment given to the licensee.

(d) No licensee shall take any obligation evidencing a loan which does not disclose the amount of the loan, a schedule of the payments, the amount of the finance charges, and amounts disbursed for the account of the borrower, nor shall the licensee take any instrument in which blanks are left to be filled in after execution.

(e) No licensee shall take any chattel mortgage or other lien on household furniture then in possession and use of the obligor unless it is in writing and signed by the obligor, and in case of a married obligor unless given with the consent of the spouse and such consent shall be evidenced by the spouse in the mortgage or other lien by the signing of his or her name thereto. The written consent shall not be required when husband and wife have been living separate and apart for a period of at least five months prior to the making of such mortgage or when such spouse is legally incompetent.

SECTION 16. Insurance.

Subject to the conditions provided in this section and notwithstanding any other provisions of this act, reasonable insurance may be sold to and required of the borrower for insuring personal property securing a loan and for insuring the life and earning capacity of one party obligated on a loan.

Property insurance shall be in an amount not to exceed the reasonable value of the property insured and for the customary term approximating the term of the loan contract. It shall be optional with the borrower to obtain such insurance in an amount greater than the amount of the loan or for a longer term.

Life insurance shall be in an amount not to exceed the approximate amount of the loan and for a term not exceeding the approximate term of the loan contract. Accident and health insurance shall provide periodic benefits which shall not exceed an amount which approximately equals the amount of each periodic installment payment to be made under the loan contract; *provided*, however, that whenever a

loan is discharged, or a new policy or policies of insurance are issued, the life, property and/or accident and health insurance on such prior obligation shall be cancelled and the unearned portion of the insurance premium or premiums, or identifiable charge, shall be refunded to the borrower; *provided*, however, that the method of refunding the premiums on such policies shall be pursuant to the Rule of 78 or the Sum of the Digits Method; the insurance company shall calculate its reserves on such policies in the same manner, or in the case of credit life insurance, in accordance with a mortality table and interest assumption used for ordinary life policies. Notwithstanding this requirement, if the property insurance policy or policies cover the insurable interest of the borrower as well as the lender, such policy or policies may be continued in force at the request of the borrower.

If the coverage provides accident and health benefits, the policy or certificate shall contain a provision that if the insured obligor is disabled, as defined in the policy, for a period of more than three days, benefits shall commence as of the first day of disability, provided that accident and health insurance shall not be allowed on loans with a cash advance of less than one hundred dollars.

All insurance sold or provided pursuant to this section shall bear a reasonable and bona fide relation to the existing hazard or risk of loss and shall be written by an agent or agency licensed in this State in an insurance company authorized to conduct such business in this State. A licensee shall not require the purchasing of insurance from the licensee or any employee, affiliate, or associate of the licensee, as a condition precedent to the making of a loan and shall not decline existing insurance where such insurance is provided by an insurance company authorized to conduct such business in this State.

The licensee shall within thirty days after the loan is made, deliver to the borrower, or if more than one, to one of them, a policy or certificate of insurance covering any insurance procured by or through the licensee or any employee, affiliate or associate of the licensee, which shall set forth the amount of any premium or identifiable charge which the borrower has paid or is obligated to pay, the amount of insurance, the term of insurance, and a complete description of the risks insured. Such policy or certificate may contain a mortgage clause or other appropriate provisions to protect the insurable interest of the licensee.

Notwithstanding any other provision of this act, any gain or advantages in the form of commission, dividend, identifiable charge or otherwise, to the licensee or to any employee, affiliate or associate

of the licensee from such insurance or its sale shall not be deemed to be additional or further interest or charge in connection with such a loan.

Any accident and health or property insurance sold in conjunction with this act shall be written on forms and at rates approved by the South Carolina Insurance Commission pursuant to reasonable rules and regulations adopted by it and having as their purpose the establishment and maintenance of premium rates which are reasonably commensurate with the coverage afforded and which are adequate, not excessive, and not unfairly discriminatory, giving due consideration to past or prospective loss experience within or without this State, to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to borrowers, to reasonable expense allowances necessary to achieve proper risk distribution and spread, and to all other relevant factors within or without this State. Such rules and regulations may include reasonable classification systems or programs based upon identifiable and measurable variations in the hazards or expense requirements and may include statistical plans, systems or programs, which the insurers may be required to adopt, for the purpose of providing such statistical information and data as may be necessary or reasonably appropriate to the determination of premium rates or rate levels. Such premium rates and rate levels shall be calculated to produce and maintain a ratio of losses incurred, or reasonably expected to be incurred, to premiums earned, or reasonably expected to be earned, of not less than fifty (50%) per cent, and rates producing a lesser loss ratio shall be deemed excessive.

SECTION 17. Power of Attorney; Confession of Judgment.

No licensee shall take any confession of judgment or permit any borrower to execute a power of attorney in favor of any licensee or in favor of any third person to confess judgment or to appear for the borrower in any judicial proceeding and any such confession of judgment or power of attorney to confess judgment shall be absolutely void.

SECTION 18. Judicial Review.

(a) Any order or decision made, issued or executed by the board or its deputies, shall be subject to review by the Circuit Court on petition by any person aggrieved if the petition is filed within thirty days from the date of the delivery of a copy of the order or decision made by the board upon such person. A copy of such petition for review as filed with and certified by the clerk of court shall be served

upon the board within five days after its filing. If the petition for review is not filed within thirty days, the parties aggrieved shall be deemed to have waived the right to have the merits of the order or decision reviewed and there shall be no trial of the merits thereof by any court to which application may be made by petition or otherwise, to enforce or restrain the enforcement of same.

(b) The board shall within thirty days, unless the time is extended by an order of the court, after the service of the copy of the petition for review upon it or its deputy, prepare and file with the clerk of the court a complete transcript of the record of the hearing, if any, and a true copy of the order or decision duly certified. The case shall be heard by the court as a civil case upon such transcript of the record and it shall be the duty of the court to hear and determine the petition with all convenient speed. If, on the hearing before the court, it shall appear that the record filed by the board is incomplete, the court may by appropriate order direct the board to certify any and all parts of the record so omitted.

(c) The court shall have jurisdiction to review the facts and the law and to affirm, modify or to set aside the order or decision of the board and to restrain the enforcement thereof. Appeals from all final orders and judgments entered by the Circuit Court in reviewing the orders and decisions of the board may be taken to the Supreme Court by any party to the action as in other civil cases.

The commencement of proceedings under this section shall not operate as a stay of the board's order or decision unless ordered by the court.

SECTION 19. Disposition of Fees and Other Funds.

All license fees, investigation fees, and other funds collected by the board under the terms of this act, shall be paid over to the State Treasurer and shall be used to defray costs of administering this act, including salaries of assistant examiners and other clerical help found necessary and necessary travel expense and subsistence.

SECTION 20. Personnel.

The board is authorized to designate or appoint a chief administrative officer and such other personnel as it deems necessary to perform the duties and exercise the powers herein conferred. The chief administrative officer and all other personnel shall serve at the pleasure of the board.

SECTION 21. Appointment of Director as Agent for Service of Process.

Every person prior to being licensed under this act shall appoint, in writing, the director and his successors in office to be its true and lawful attorney upon whom all legal process in any action or proceeding against it may be served and in such writing shall agree that any lawful process against it which is served upon such attorney shall be of the same legal force and validity as if served upon the company and that the authority shall continue in force so long as any liability remains outstanding in the State. Copies of such appointment, certified by the director, shall be deemed sufficient evidence thereof and shall be admitted in evidence with the same force and effect as the original thereof might be admitted.

SECTION 22. Foreign Loans.

No loan made outside this State in the amount of or of the value of seventy-five hundred dollars or less for which a greater rate of interest, consideration, or charge than is permitted by Section 14 has been charged, contracted for or received, shall be enforced in this State and every person in any way participating therein in this State shall be subject to the provisions of this act, but this section shall not apply to loans legally made in any state under and in accordance with a regulatory consumer finance law similar in principles to this act.

SECTION 23. Other Persons in the Lending Business.

(a) Any other person, except those set forth in Section 2(b) of this act, engaged in the business of lending which includes any person making more than ten loans per year, whether with or without security, shall, prior to conducting any further business after the effective date of this act, obtain a certificate of registration from the board, which shall be deemed to be effective for a period of one year from the date of issuance, in the form prescribed by the board and shall be subject to the provisions of Section 9(a) (b) (3) (c), 10, and 15 of this act, the purpose and intent being that the regulatory provisions of this act shall apply to any person engaged in the business of lending under any provisions of law relating to usury.

(b) The board may make rules and regulations with respect to the keeping of records and the making of reports by any such person engaged in the lending business.

(c) Whenever the board has reasonable cause to believe that any such person engaged in the lending business is violating or its threat-

ening to, or intends to violate any provisions of law relating to usury, the board may apply to a judge of the Circuit Court to issue an injunction restraining such person from proceeding, engaging in, or continuing such violation, or from doing any act or acts in furtherance thereof.

SECTION 24. MODIFICATION. Amendment or Repeal.

(a) This act or any part thereof may be modified, amended or repealed so as to effect a cancellation or alteration of any license or right of a licensee hereunder; *provided*, that such cancellation or alteration shall not impair or affect the obligations of any pre-existing lawful contract between any licensee and any obligor.

(b) Nothing contained herein shall be so construed as to impair or affect the obligation of any contract of loan between any lender and any borrower which was entered into prior to the effective date of this act.

SECTION 25. Decisions Affect Adjudicated Language Only.

If any provision of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of the act, and the application of such provision to person or circumstances other than those to which it is held invalid shall not be affected thereby.

SECTION 26. Penalty.

Any person who wilfully violates any provision of this act, for which a penalty has not been provided, shall be deemed guilty of a misdemeanor, and shall be fined not more than one thousand dollars nor less than one hundred dollars in the discretion of the court.

SECTION 27.

Any person engaged in the business of lending on December 1, 1965, may be licensed under the provisions of this act; *provided*, he applies for and obtains a license from the Board of Bank Control within ninety days after the effective date of this act; and, *provided*, further, that such person meets the requirements of Section 4(b) (1) (2) of this act.

SECTION 28. Repeal.

Chapter 9 of Title 8, Code of Laws of South Carolina, 1962, and all other acts or parts of acts inconsistent herewith are repealed.

SECTION 29. Time Effective.

This act shall take effect ninety days after approval by the Governor.

Approved the 9th day of May, 1966.

Provided, That the number of teachers qualifying for State Aid in 1966-67 shall be determined on the basis of average daily attendance of either the year 1965-66 or 1966-67, whichever year the attendance was greater.

Provided, Further, That notwithstanding the amount listed in this section as "State Aid for Teachers' Salaries" there is hereby appropriated for the fiscal year 1966-67 whatever amount is necessary to comply with the then existing salary schedule to those teachers who qualify by law for State Aid. Such salary schedule shall be based on one hundred eight-five days annually.

Provided, Further, that so much as may be necessary of the appropriation for payment of teachers' salaries, and for supervision and overhead, provided in this section, may be used to correct erroneous payments of prior years, which were due to improper classification or other justifiable causes.

Provided, Further, That the amount appropriated in this section for County School Lunch Supervisors shall be used for the payment of salaries of one supervisor for each county at the rate of \$3,989.00 each per year, and no such salary shall be supplemented from funds provided in this section for "School Lunch Program Aid".

Provided, Further, That the amount appropriated herein in this section for Aid to Counties in the School Lunch program shall be divided among the County Boards of Education of the State upon the basis of the number of schools participating in the School Lunch Program in each County in the school year 1965-66. *Provided, Further,* that travel expense of County School Lunch Supervisors shall be paid out of this appropriation at the prevailing rate of mileage allowed by the State. *Provided, Further,* that all expenditures of this appropriation by each of the County Boards of Education shall be made upon the joint recommendation of the County Superintendent of Education and the School Lunch Supervisor. Each County Superintendent shall, at the close of the fiscal year, submit to the State Superintendent of Education an itemized statement which shall indicate the disposition made of his county's share of this appropriation and any balance brought forward from the preceding year. Such records of the County Boards of Education shall be kept available for auditing by the accounting personnel of the State Superintendent of Education's office.

Provided, Further, That no pupil shall be refused lunch because of inability to pay, such inability to be determined by the local school superintendent and lunch room supervisor where the pupil attends.

Provided, Further, That in the distribution of State funds provided in this section for "Supervision and Overhead," and for "Maintenance and Operation," no pupil shall be counted as enrolled, or

as having been enrolled, in any public school of the State who has not attended such school at least 35 days during the school year on which the allocation of such funds is based. Provided, however, that a pupil shall be counted as enrolled only in the first district, or operating unit, he legally attended. *Provided, Further,* That funds allocated to each school district for "Maintenance and Operation" shall be expended for purposes and programs designed specifically for improving the quality of its instructional program and its accreditation status.

Provided, Further, That notwithstanding the amount in this section for "Supervision and Overhead," there is hereby appropriated, for the fiscal year 1966-67, an amount equal to the number of pupils enrolled in the public schools of the State during the fiscal year 1966-67, as determined by the State Superintendent of Education, multiplied by Five (\$5.00) Dollars.

Provided, Further, That notwithstanding the amount listed in this section for "Maintenance and Operation," or any Act or parts of Acts to the contrary notwithstanding, there is hereby appropriated for the fiscal year 1966-67 an amount equal to the number of pupils enrolled in the public schools of the State during the fiscal year 1966-67, as determined by the State Superintendent of Education, multiplied by Ten Dollars (\$10.00), and the State Superintendent of Education is hereby directed to allot and distribute this fund on that basis.

Provided, Further, That for the fiscal year 1966-67 the State shall pay on the salaries of County Superintendents of Education \$5,722.00 each on warrants approved by the State Superintendent of Education. In counties where schools are operated by the County Board of Education under a county unit system such payment for county superintendents of education may be applied by the Board of Education on the salary of the director or chief administrative officer of schools.

Provided, Further, That the authorities of the Area Trade Schools are authorized and directed to charge a tuition fee to students of not exceeding \$30.00 per semester, and to use the proceeds of such tuition fees for operation and/or permanent improvements. The amount of the tuition fees to be used for permanent improvements, and the nature of such improvements, shall be approved by the State Budget and Control Board.

Provided, Further, That the amount appropriated in this section for Education of Mentally and Physically Handicapped Children shall be used to reimburse school districts for expense incurred during the year 1966-67 in the operation of such programs in accordance with Act 882, Acts of 1958, but no district shall be reimbursed for more than 85% of such expense nor more than \$150.00 per child per year in average daily attendance.

Provided, Further, That the amount appropriated in this section for Non-Teaching Principals, Supervisors, and Special Teachers shall be allotted to school districts on the basis of one Non-Teaching Principal, Supervisor, or Special Teacher for each 30 state aid Teaching positions, and shall receive a proportionate part of a salary for any fraction thereof, for which each school district qualifies and employs. Provided, Further, That the State Budget and Control Board may approve supplements from Federal Funds to State appropriated salaries of personnel who are working with the Federal Projects and who are below existing salaries for comparable services in other state agencies and institutions.

Provided, Further, That of the amount appropriated in this section for Area Trade Schools, a sum not to exceed \$10,000.00 shall be expended for the operation of a course in diesel engine instruction.

Provided, Further, That principal and interest payments due on any school bonds, the proceeds of which have not been allocated to

the counties of the State, shall be made from any such unallocated funds remaining in the State Treasury.

Provided, Further, That the State Board of Education is hereby authorized to sell used school buses that may be determined to be no longer safe or economical in transporting school children, and the proceeds of such sales may be expended for such additional equipment or the operation thereof.

SECTION 72. The expenditure of money appropriated in this Act shall be by warrant requisitions directed to the Comptroller General. Upon receipt of the requisition, accompanied by invoices or other satisfactory evidence of the propriety of the payment, and itemized according to standard budget classifications, the Comptroller General shall issue his warrant on the State Treasurer to the payee designated in the requisition. *Provided, However,* That upon approval and designation by the State Budget and Control Board, state institutions may requisition funds in favor of their own treasurer, itemized only to the extent of the purpose of the appropriation as expressed in this Act, and may deposit such funds in the name of the institution, and disburse same by check to meet the purposes of the appropriation, but strict account shall be kept of all such expenditures according to standard budget classifications.

SECTION 73. Upon the approval and designation of the State Budget and Control Board, state institutions may, at the beginning of the fiscal year, requisition from their respective appropriations, a sum of money, the amount of same to be approved by the State Budget and Control Board, to be used throughout the year as a revolving fund for the handling of payrolls and other necessary operating expenses, all payments from such revolving funds to be reimbursed to them by regular requisitions on the Comptroller General.

Provided, Further, That at all state institutions where institutional revenue is available for operation, such revenue shall, as far as practicable, be used before appropriations from the State's General Fund are requisitioned; and no funds shall be requisitioned from such appropriation except to meet actual operating obligations of the year for which such appropriations are provided.

SECTION 74. During the fiscal year 1966-67, student fees at the State institutions of higher learning shall be fixed by the respective Boards of Trustees as follows:

(1) Fees applicable to academic and general maintenance and operation costs shall be maintained at rates not less than those prevailing in the year 1965-66.

(2) Fees applicable to dormitory rental, dining halls, laundry, infirmary and all other personal subsistence expenses shall be sufficient to fully cover the cost of providing such facilities and services.

(3) Student Activity Fees may be fixed at such rates as the respective Boards shall deem reasonable and necessary.

SECTION 75. The University of South Carolina, The Citadel, Clemson University, Winthrop College, S. C. State College, the South Carolina Medical College (including revenue of the Medical College Hospital), and the South Carolina Opportunity School shall remit all revenues and income, collected at the respective institutions, to the State Treasurer according to the terms of Section 1 of this Act, but all such revenues or income so collected, except fees received as regular term tuition, matriculation, and registration, shall be carried in a special continuing account by the State Treasurer, to the credit of the respective institutions, and may be requisitioned by said institutions, in the manner prescribed in Section 72 of this Act, and expended to fulfill the purpose for which such fees or income were levied, but no part of such income shall be used for permanent improvements without the express written approval of the State Budget and Control Board; and it is further required that no such fee or income shall be charged in an amount in excess of what is necessary to supply the service, or fulfill the purpose for which such fee or income was charged. *Provided, Further,* That money derived wholly from athletic or other student contests, and any other funds derived wholly from the activities of student organizations, including income from the operation of canteens (at all State institutions) and book stores, shall not be considered as State funds, and may be retained at the institutions. *Provided, Further,* That the University of South Carolina may operate its Law School in the summer of 1966, both summer school and summer term, as it may be advised, and retain all additional tuition and other fees charged the law students therefore to aid it in such operation.

SECTION 76. All departments, institutions, and agencies of the State are hereby required and directed to budget and allocate the

appropriations herein made to them, so as to provide for operation on uniform standards throughout the fiscal year 1966-67, and in order to avoid a deficiency in such appropriations, and upon request of the Budget and Control Board to submit to the Board its budget or plan of operation for the year, and the said Board is authorized to restrict the rate of expenditures of such agency if it appears that an unjustifiable deficit is likely to occur. *Provided, Further,* That the bonds of State officials violating the terms of this section shall be held liable thereof, unless the State Budget and Control Board has been advised of, and officially recognizes, the necessity of such deficit.

SECTION 77. Each department, institution, or other agency of the State is authorized to accept and receive such Federal Aid or grants as are or may be made available by the Federal Government for use in carrying out the purposes and functions of the department, institution or agency, but such funds when and as received, shall be deposited in the state treasury, if not in conflict with Federal regulations, and withdrawn therefrom as needed, in the same manner as that provided for the disbursement of state funds. If it shall be determined that federal funds are not available for, or cannot be appropriately used in connection with, all or any part of any activity or program for which state funds are appropriated in this Act on a matching basis, the appropriated funds may nevertheless be expended for the activities or programs for which appropriated without regard to any matching arrangement. *Provided, Further,* that donations or contributions from sources other than the Federal Government, for use by any state agency, shall be deposited in the state treasury, but in special accounts, and shall be withdrawn from the treasury as needed to fulfill the purposes and conditions of the said donations, or contributions, if specified, and, if not specified, as may be directed by the proper authorities of the department or institution.

SECTION 78. Except as otherwise provided in this Act, every appropriation under the classification of A-1 Salaries for a designated position shall be paid in monthly or bi-weekly installments to the person holding such position, but where a group appropriation is made for Personal Service, such appropriation shall be expended as may be determined by the officer in charge of such appropriation. *Provided, Further,* That the appropriated salaries for specified positions shall mean the maximum compensation for such position, and in any case where the head of any department can secure the services

for a particular position or work at a lower rate than the salary specified in this Act, authority for so doing is hereby given.

Provided, Further, That no full-time employee of any State department or institution shall be paid any compensation or travel from any other department of the State Government except with the approval of the State Budget and Control Board.

SECTION 79. That salaries paid to officers and employees of the State, including its several boards, commissions and institutions shall be in full for all services rendered, and no perquisites of office or of employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee; *Provided, However,* That this shall not apply to the Governor's Mansion, nor to guards at any of the State's penal institutions and nurses and attendants at the State Hospital, Whitten Village, and the S. C. Sanatorium, when the cash compensation of such employees is \$3,800.00 or less per year. *Provided, Further,* That the Presidents of the State's institutions of higher learning may be permitted to occupy a residence on the grounds of such institutions without charge. *Provided, Further,* That the Farm Director, Farm Managers and specialists employed at State Farms Nos. 1 and 3 may be permitted to occupy residences situated on such farms without charge.

Provided, Further, That all salaries paid by State institutions and departments for which a lump sum appropriation is made, and from all departmental appropriations for groups of employees, shall be submitted to and approved by the State Budget and Control Board before becoming effective; and in submitting said salaries for approval of the said Board, the total salary paid to each officer and employee, included in such lump sum or group appropriations, shall be shown; and in any institution or department where one or more salaries are supplemented, the amount of such supplement shall be reported to the said Board for approval, and the source of such supplement.

SECTION 80. *Provided,* that the authorities of all institutions and departments for which a lump sum operating appropriation is provided, shall, if requested, before the beginning of the fiscal year to which such appropriations are applicable, submit to the State Budget and Control Board for approval an itemized budget for the operation

of such department or institution during the ensuing fiscal year, and shall further report upon the Board's request, any subsequent changes in such approved budget so as to reflect the actual detailed operating costs of such department or institution.

Provided, Further, That no part of such lump sum appropriations shall be used for permanent improvements unless specifically authorized herein.

SECTION 81. That all employees of the State of South Carolina or any agency thereof while traveling on the business of the State shall be allowed for subsistence expenses amounts not to exceed \$12.50 per day while traveling in the State and \$16.00 per day while traveling outside the State, except that the Governor, Lieutenant Governor, State Treasurer, Attorney General, and Secretary of State shall be reimbursed actual expenses.

Whenever Agents, Auditors, Investigators, or other such employees of the State, are required in the performance of their regular audit or investigation duties to travel to cities of two hundred fifty (250,000) thousand, or greater, population, such employees shall be allowed for subsistence expense an amount not to exceed \$18.50 per day.

No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by which he is employed, except that the members of the Public Service Commission may be reimbursed at the regular mileage rate for one round trip each week from their respective homes to Columbia and may receive the regular subsistence allowance of other State employees for not exceeding three days in any week while in Columbia on official business.

When an employee is assigned to work a particular territory or district, and such territory or district and his official headquarters are in different localities, or sections of the State, expenses may be allowed for necessary travel to his official headquarters.

Members of the State Boards, Commissions or Committees, whose duties are not full time, and who are paid on a per diem basis, shall be allowed subsistence expense at the general daily rates provided for in this section while away from their places of residence on official business of the State.

Each Circuit Judge while holding Court within or without the circuit in which he resides, and each Justice of the Supreme Court, while

traveling upon official business of said Court, shall be allowed the sum of fifteen (\$15.00) dollars per day as subsistence expenses, and each Justice and Judge shall further receive such mileage allowance for travel as is provided for other employees of the State. One member of the Supreme Court while attending the Conference of Chief Justices and one member of the Supreme Court while attending the National Convention of Appellate Court Judges shall be allowed actual subsistence and travel expenses, and two Circuit Judges while attending the National Convention of State Trial Judges.

When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge of 9 cents per mile will be allowed for the use of such automobile, and the employee shall bear the expense of supplies and upkeep thereof. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep thereof, but no mileage will be allowed. *Provided*, That in traveling on the business of the State, employees are required to use the most economical mode of transportation, due consideration being given to urgency, schedules, and like factors.

No State-owned automobile shall be acquired by any agency of the State without prior approval of the State Budget and Control Board.

The State Budget and Control Board is authorized to promulgate and publish regulations governing the application of the above-provided rates of travel of State employees.

Any maintenance appropriations made herein or by special act now or hereafter, are hereby declared to be maximum, conditional and proportionate, the purpose being to make them payable in full in the amount named herein, if necessary, but only in the event the aggregate revenues available during the period for which the appropriation is made are sufficient to pay them in full. The State Budget and Control Board shall have full power and authority to survey the progress of the collection of revenue and the expenditure of funds by all departments and institutions, and is hereby authorized and directed to make such reductions of appropriations as may be necessary to prevent a deficit; *Provided,* That no institution or activity for which the General Assembly has herein provided shall be discontinued. *Provided, Further,* That any reduction of appropriations by the said Board, under authority of this Act, shall be uniform, and shall apply to all appropriations provided in this Act, except any part of such appropriations which may be encumbered by a written contract with an agency not connected with the State Government; and *Provided, Further,* That in making such reductions earmarked revenues shall be considered as a part of the amounts appropriated. *Provided, Further,* That no such reduction shall be ordered by the State Budget and Control Board while the General Assembly is in session without first reporting such necessity to the General Assembly.

The Board shall have authority to allot to specific projects from funds made available for such purposes, such amounts as are estimated to cover the respective costs of such projects, to declare the completion of any such project, and to dispose, according to law, of any unexpended balances of allotments, or appropriations, or funds otherwise provided for such projects, upon the completion thereof.

SECTION 89. That transfers of appropriations herein provided may be made within departments, upon the unanimous approval of the State Budget and Control Board, but no such transfer shall be permitted for the purpose of increasing the compensation of any State employee which is specifically fixed in this Act.

SECTION 90. For the year 1966-67, the compensation of all employees of the State government shall be increased ten percent. The calculation of this increase shall be based on the total compensation of each employee from all sources, including State appropriated funds, federal and other funds, it being the intent of this section that increases shall be paid proportionately from each source. All appropriations in this Act for "Salary and Wage Adjustments" shall be available only for that portion of increases applicable to State appropriated sources, and shall be applied only by transfer to the respective salary accounts approved by the Budget and Control Board. *Provided, Further,* That with respect to the six institutions of higher learning, it is the intent of the General Assembly that the salary of each employee be increased in 1966-67 to not less than 26.1% above the salary for his position in 1958-59, but in no event shall his salary be less than his salary for 1965-66. *Provided, However,* That the provisions of this section shall not apply to the compensation of constitutional officers, justices and judges of the State courts, nor to any employee

The amount charged each department or agency shall be calculated on a square foot, or other equitable basis of measurement, and at such rates as will yield sufficient total annual revenue to cover, in priority order, both (1) the annual principal and interest due on the \$6,500,000.00 capital improvement obligation authorized in the 1964-65 General Appropriation Act and (2) maintenance and operation costs of the above mentioned buildings.

Subsection (b). All departments and agencies against which rental charges are assessed and whose operations are financed in whole or in part by Federal and/or other non-appropriated funds are directed to apportion the payment of such charges equitably among all such funds, so that each shall bear its proportionate share. All appropriations in this Act itemized for "State Office Building Rental" shall be available only for payment of that portion of rental charges applicable to State appropriated operations.

Subsection (c). Rental collections shall be deposited by the General Services Division in the State Treasury in a special account and shall be expended only for (1) payment of principal and interest due the Insurance Sinking Fund on the \$6,500,000.00 capital improvement obligation and (2) maintenance and operation costs of the buildings listed in subsection (a) above.

(2) The State shall participate in the Supplemental Allowance Program as outlined in this section as of July 1, 1966. Any other em-

ployer may, in its discretion, participate in the Supplemental Allowance Program by making application to the board to so participate and by complying with the requirements of this section and the rules and regulations adopted by the board for its implementation. Such application shall be made and the employer's participation in the program shall be effective in a manner similar to that provided for applications for and admission to the system as set forth in Section 4, except item (2).

(3) (a) Any member who is employed as a police officer by a participating employer on the employer's participation date and whose rate of salary or compensation on such date exceeds four hundred dollars per month, shall become a participant in the program on that date, shall be eligible for a supplemental allowance as outlined in this section and shall make supplemental contributions pursuant to item (9) below; except that such member in the employ of a participating employer on such employer's participation date may, within a period of one month following such date, irrevocably elect not to participate in such program by filing with the board, on a form prescribed by it, a notice of his election not to make such supplemental contributions and a duly executed waiver of the supplemental allowance which would otherwise be payable to him pursuant to this section.

(b) Any member who is employed as a police officer by a participating employer on the employer's participation date and whose salary or compensation on such date is not in excess of four hundred dollars per month shall become a participant in this program as of the first day of the calendar month in which his rate of salary or compensation first exceeds four hundred dollars per month.

(c) Any person who is first employed as a police officer by a participating employer after the employer's participation date shall, as a condition of his employment, become a participant in this program as of the first day of the calendar month in which his rate of salary or compensation first exceeds four hundred dollars per month.

(4) Upon retirement, a member who has participated in the Supplemental Allowance Program will receive a supplemental allowance which shall be a monthly retirement allowance equal to the sum of (a) and (b) below:

- (a) an allowance which is the actuarial equivalent of the member's accumulated supplemental contributions; and
- (b) an amount equal to the allowance provided in (a) above.

(5) Upon the death of a member prior to his retirement and prior to his withdrawal of contributions on his ceasing to be a police officer

under item (7) below, the amount of his accumulated supplemental contributions, if any, shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the board, otherwise to his estate.

(6) Upon the death of a beneficiary who has not elected an optional form of allowance in accordance with item (8) below, a lump sum amount shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the board, otherwise to his estate. Such lump sum amount shall be equal to the excess, if any, of his total accumulated supplemental contributions at the time his allowance commenced over the sum of the supplemental allowance payments made to him during his lifetime.

(7) Should a member cease to render service as a police officer to an employer, except by reason of death or retirement, his aggregate supplemental contributions, if any, shall be paid to him in the manner and pursuant to the time limitations set forth in Section 10.

(8) Anything in this section to the contrary notwithstanding, a member who participates in the Supplemental Allowance Program may, in a manner similar to that set forth in Section 12, elect to convert the supplemental allowance otherwise payable on his account after his retirement into an allowance of equivalent actuarial value, in accordance with one of the options therein set forth.

(9) Each member participating in the Supplemental Allowance Program shall make monthly supplemental contributions equal to six per cent of the portion of the monthly salary or compensation in excess of four hundred dollars received by him during his participation in the program.

In addition, each such member may irrevocably elect, within a period of one month following his date of participation, to contribute the amount which would have resulted had he, during each month of his credited service prior to his date of participation, made a contribution to the system equal to two per cent of the portion of his rate of monthly salary or compensation in excess of four hundred dollars during the month immediately preceding his date of participation in the program and had such contributions been accumulated with interest at the rate of four per cent per annum. If the member elects to make such additional voluntary contributions they shall be made within twelve months after his participation in the Supplemental Allowance Program commences, in such manner as the board may deem reasonable.

(10) As of the employer's participation date and as of each July 1 thereafter the board shall certify to each employer participating in the Supplemental Allowance Program the amount of employer supplemental contribution due the system. The amount of employer contribution payable during the first such period shall be equal to an estimate of the total amount of supplemental contributions that will be made by the participating members employed by that employer during the ensuing period up to the subsequent July first. However, the portion of such members' contributions which is in respect to service prior to the participation date shall be excluded from such estimate. The amount of employer contributions in any subsequent period shall be computed in a similar manner but the resulting amount shall be adjusted by the difference between the estimated amount of such member contributions and the amount of such contributions actually made. The estimate of the amount of contributions that will be made by the members during a period shall be based on the most recent payroll information available as of the date of the certification.

The participating employer shall make an additional level annual contribution for a period of ten years subsequent to its participation date. Such additional contributions shall, in total, be sufficient to liquidate an amount equal to the total contributions by its participating members with respect to their service prior to the employer's participation date. For the purpose of calculating this additional contribution an interest rate of four per cent per annum shall be used.

Any forfeitures shall be used to reduce the contributions otherwise payable by a particular participating employer, and will not be applied to increase the benefits of any participating member."

(B) Item (1) of Section 4 of Act No. 799 of 1962, as amended, is further amended by adding at the end thereof the following:

"Notwithstanding the foregoing, if such application is received prior to July 1, 1966, the requested date of the admission shall be July 1, 1962; *provided*, that contributions are made to the system within the calendar year 1966, in such manner as the board deems reasonable, by the political subdivision seeking such admission and each and every police officer in its employ who will become a member following such admission, in amounts respectively equal to the total contributions which they would have made had such political subdivision become an employer as of July 1, 1962."

(C) Item (1) of Section 5 of Act No. 799 of 1962, as amended, is further amended by striking it out and inserting in lieu thereof the following:

SECTION 2

Woodrow Wilson Memorial Home

(A) The Division of General Services of the Budget and Control Board is directed to deed in fee simple the property on which the Woodrow Wilson Memorial Home is situated, together with all the improvements thereon, to the Richland County Historic Preservation Commission, with a clause to the effect that, should the property cease to be used as the Woodrow Wilson Memorial Home, the title to the property shall revert to the State of South Carolina.

(B) Chapter 10 of Title 44, Code of Laws of South Carolina, 1962, is hereby repealed.

SECTION 3**Educational Television**

(A) The General Assembly finds that funds are needed for constructing and equipping additional open circuit educational television stations in order that the total area of South Carolina will be covered by the network of such stations operated by the Educational Television Commission.

(B) For the purpose of constructing and equipping additional open circuit educational television stations, the General Assembly hereby authorizes the issuance of State Notes not to exceed \$2,000,000.00. Such Notes shall be executed in the name of the State by the Governor and State Treasurer and shall mature in annual amounts not to exceed a period of twenty years. Interest rate on the Notes and other terms and conditions under which they are issued shall be subject to the approval of the State Budget and Control Board.

(C) For the payment of the principal and interest on the Notes issued pursuant to this section there shall be pledged so much thereof as may be needed of the revenue derived from the tax imposed pursuant to Article I, Chapter 12, Title 65, Code of Laws of South Carolina, 1962. Until payment of such principal and interest has been made or has been provided for, all sums received in each fiscal year from the tax referred to above shall be delivered to the State Treasurer and shall be applied by him to the payment of the principal and interest, and to the debt servicing of other outstanding obligations of the State also secured by a pledge of such revenues. Thereafter, further revenues from such tax for such fiscal year may be used for other purposes. The General Assembly takes note of the fact that there are presently outstanding obligations of the State of South Carolina payable from the tax pledged, and it is hereby declared that the Notes authorized by this section shall in all respects be on a parity with such outstanding obligations. The pledge of revenues derived from the tax herein referred to shall not preclude the issuance by the State of further obligations secured, in whole or in part, by a pledge of such revenues on a parity with the pledge herein authorized, nor shall the pledge of revenue derived from such tax preclude the revision of such tax as to rate or method, either or both, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than

one hundred and twenty-five per cent of that sum which is equal to the maximum annual principal and interest requirements on all notes or obligations of the State for which the revenues derived from this tax have been pledged. The certificate shall be appended to the enrolled act and be presented to the Joint Assembly on the occasion the act is presented for ratification.

(D) The State Budget and Control Board, in its capacity as Trustee of the funds of the South Carolina Retirement System, is authorized to invest Retirement System funds in the Notes authorized in this section.

(E) The proceeds of the Notes issued pursuant to this section shall be placed in the State Treasury in a special account, to the credit of the "Educational Television Commission", to be expended solely for the purposes outlined herein.

Any financial obligations outstanding on the effective date of this act shall be paid from the appropriation for the committee for the fiscal year 1965-1966.

A successor custodian has all the rights, powers, duties and immunities of a custodian designated in a manner prescribed by this chapter.

The legal representative of a custodian who dies or becomes legally incapacitated shall promptly do all things within his power to put each item of the custodial property in the possession and control of the successor custodian named in an instrument of designation executed as provided in Subsection (1) by the custodian or, if none, by the minor if he has no guardian and has attained the age of fourteen years, or in the possession and control of the guardian of the minor if he has a guardian. If the custodian has executed as provided in Subsection (1) more than one instrument of designation, his legal representative shall treat the instrument dated on an earlier date as having been revoked by the instrument dated on a later date.

(4) If a person designated as custodian or as successor custodian by the custodian as provided in Subsection (1) is not eligible, dies or becomes legally incapacitated before the minor attains the age of twenty-one years and if the minor has a guardian, the guardian of the minor shall be successor custodian. (b) The Chief Insurance Commissioner may issue nonresident licenses to agents residing in a community comprised of two or more incorporated cities or towns, located partly within and partly without the State, or residing within two miles of the city limits of such cities or towns, and permit such agents to write insurance in such cities or

B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

Article II. State Defined.

As used in this Compact, 'State' means a State, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

Article III. The Commission

A. The Educational Commission of the States, hereinafter called 'the Commission', is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor; two shall be members of the State legislature appointed by the Governor and serving in such manner as the Governor may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the Commission, six members shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the State education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the Commissioners are present. The Commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the Commission may delegate the exercise of any of its powers to the steering committee or the Executive Director, except for the power to approve budgets or requests for appropriations, the power to make policy recommen-

dations pursuant to Article IV and adoption of the annual report pursuant to Article III (j).

C. The Commission shall have a seal.

D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

E. Irrespective of the civil service, personnel or other merit system laws of any of the party States, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Commission, and shall fix the duties and compensation of such personnel. The Commission in its bylaws shall provide for the personnel policies and programs of the Commission.

F. The Commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

G. The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any State, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the Commission pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the Commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

I. The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party States.

J. The Commission annually shall make to the Governor and legislature of each party State a report covering the activities of the Commission for the preceding year. The Commission may make such additional reports as it may deem desirable.

Article IV. Powers.

In addition to authority conferred on the Commission by other provisions of the compact, the Commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this Article in any instance where the Commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

Article V. Cooperation With Federal Government.

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the Federal Government, the United States may be represented on the Commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve

in such manner as may be provided by or pursuant to Federal law, and may be drawn from any one or more branches of the Federal Government, but no such representative shall have a vote on the Commission.

B. The Commission may provide information and make recommendations to any executive or legislative agency or officer of the Federal Government concerning the common educational policies of the States, and may advise with any such agencies or officers concerning any matter of mutual interest.

Article VI. Committees.

A. To assist in the expeditious conduct of its business when the full Commission is not meeting, the Commission shall elect a steering committee of thirty members which, subject to the provisions of this compact and consistent with the policies of the Commission, shall be constituted and function as provided in the bylaws of the Commission. One-third of the voting membership of the steering committee shall consist of Governors, and the remainder shall consist of other members of the Commission. A Federal representative on the Commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the Commission shall be elected as follows: fifteen for one year and fifteen for two years. The chairman, vice chairman, and treasurer of the Commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the Commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee: provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

B. The Commission may establish advisory and technical committees composed of State, local, and Federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the States concerned, be established to consider any matter of special concern to two or more of the party States.

C. The Commission may establish such additional committees as its bylaws may provide.

Article VII. Finance.

A. The Commission shall advise the Governor or designated officer or officers of each party State of its budget and estimated expenditures for such period as may be required by the laws of that party State. Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party States.

B. The total amount of appropriation requests under any budget shall be apportioned among the party States. In making such apportionment, the Commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party States.

C. The Commission shall not pledge the credit of any party States. The Commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III (g) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it pursuant to Article III (g) thereof, the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

D. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the Commission.

E. The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

F. Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

Article VIII. Eligible Parties;
Entry Into and Withdrawal.

A. This compact shall have as eligible parties all States, Territories, and Possessions of the United States, the District of Columbia,

and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term 'Governor', as used in this compact, shall mean the closest equivalent official of such jurisdiction.

B. Any State or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his State a party only until December 31, 1967. During any period when a State is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the Commission from his State, and shall provide to the Commission an equitable share of the financial support of the Commission from any source available to him.

D. Except for a withdrawal effective on December 31, 1967, in accordance with paragraph C of this Article, any party State may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

Article IX. Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States, or the applicability thereof to any Government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any Government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating therein, the compact shall remain in full force and effect as to the State affected as to all severable matters."

of the members of the Educational Commission of the States representing this State. The Council may consider any and all matters relating to public educational policy and any matters relating to recommendations of the Educational Commission of the States and the activities of the members in representing this State thereon.

tict To Incur Bonded Indebtedness In An Amount Not Exceeding Twenty-five Per Cent Of The Assessed Value Of All Taxable Property Therein; To Provide A Governing Body For Such School District And Prescribe Its Duties And Powers.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Section 21-132 amended—advisory board of education created for Monetta-Ridge Spring Attendance Area.—Section 21-132 of the 1962 Code is amended by striking it in its entirety and inserting in lieu thereof the following :

“Section 21-132. There is hereby created an advisory board of education for the Monetta-Ridge Spring Attendance Area, which shall consist of five members, two of whom shall be residents of the Monetta Attendance Area as constituted on July 1, 1967, to be appointed by the board of education for Aiken County for three year terms; two from the area formerly designated as Ridge Spring School District No. 2 of Saluda County, to be appointed as provided in Section 21-3954 for four year terms; and the fifth member who shall be a resident of Monetta Attendance Area or of the area formerly designated as Ridge Spring School District No. 2; *provided*, the fifth member cannot be a resident of the same area for any two successive terms. The fifth member shall be appointed by the Governor upon recommendation of the Aiken County Legislative Delegation when a resident of Monetta and upon recommendation of the Saluda County Delegation when a resident of the area formerly designated as Ridge Spring School District No. 2. The first fifth member shall be a resident of Monetta; and the fifth member shall serve a one year term.”

SECTION 2. Findings of General Assembly.—As an incident to the enactment of this act, the General Assembly has made the findings set forth in this section, viz.:

(1) In a decision rendered on February 7, 1966, in “Boatwright, et al, vs. McElmurray, et al.” The Supreme Court of South Carolina held that previous enactments of the General Assembly, viz., Act 271 of 1953, Act 946 of 1958 and Act 709 of 1960 resulted in the establishment of a consolidated school district comprised of all of Aiken County (the former School District of Aiken County), that area of Saluda County formerly constituting Ridge Spring School District No. 2 of Saluda County, and that area of Edgefield County formerly constituting Wimberly Branch School District of Edgefield County, and that the debt limitation applicable to the school dis-

trict as thus consolidated was the lowest constitutional limitation imposed upon any segment thereof.

(2) Following this holding, and because of the urgent need to construct new school facilities within Aiken County, action has been taken by both the General Assembly and the County Boards of Education of Aiken, Saluda and Edgefield Counties, which has resulted in (a) the re-establishment of The School District of Aiken County, comprised of all of Aiken County; (b) the re-establishment of Ridge Spring School District No. 2 of Saluda County, with the same territory of which it was originally comprised prior to the acts of the General Assembly above set forth; and (c) the annexation to The School District of Edgefield County of that area in Edgefield County formerly constituting Wimberly Branch School District of Edgefield County, so that The School District of Edgefield County as thus constituted comprises all of Edgefield County. By reason of this action, The School District of Aiken County is free to issue bonds to the extent permitted by the applicable constitutional limitation controlling bonded indebtedness of school districts in Aiken County, viz., twenty-five per cent.

(3) The geographical and population situation is such that the most effective arrangement for providing public schools for the three areas affected is by consolidating the area of Aiken County and Ridge Spring School District No. 2 of Saluda County into a single school district with power, inter alia, to educate pupils residing in the school district of Edgefield County as enlarged by the aforesaid annexation on a contractual basis.

(4) By legislation in *pari materia* an amendment to Section 5 of Article X of the Constitution has been proposed by which it is provided that any school district comprising all or any part of Aiken County, and parts of counties adjacent to Aiken County, may incur bonded indebtedness to an amount not exceeding twenty-five per cent of the assessed value of all taxable property therein. If this amendment is duly proposed by the present General Assembly, voted upon favorably in the general election to be held in 1966, and thereafter ratified by the General Assembly which convenes in 1967, the sole objection to the existence of the consolidated school district referred to in paragraph (3) of this section will have been removed.

(5) Applicable decisions of the Supreme Court of South Carolina permit the General Assembly to legislate prospectively, viz., *Beaufort County vs. Jasper County*, 220 S. C. 469, 68 S. E. 2d., 421,

and Moffett vs. Traxler, et al, decided by the Supreme Court on March 2, 1966.

The General Assembly has, therefore, determined to provide through this act that if the proposed resolution is duly adopted, the proposal therein provided for is approved in the general election held in November, 1966, and thereafter the amendment is ratified and becomes a part of the Constitution by action taken by the 1967 General Assembly, this act shall thereafter, viz., on July 1, 1967, become effective.

SECTION 3. Consolidated School District of Aiken County created.—There is hereby created a school district which shall be comprised of all of Aiken County, that portion of Saluda County formerly constituting Ridge Spring School District No. 2 of Saluda County, as set forth and delineated on a map on the wall of the office of the Saluda County Board of Education, which school district shall be known as The Consolidated School District of Aiken County.

SECTION 4. Governing body.—The District shall be governed by the Aiken County Board of Education.

SECTION 5. Aiken County Board of Education—election districts.—The Aiken County Board of Education shall be composed of ten members, who shall be citizens of Aiken County. One member of the board shall be elected by the qualified electors of each election district. For the purpose of election of a board of education, Aiken County is divided into ten election districts, each of which shall comprise that territory of the county which is included in the voting precincts created in Section 23-155, and grouped as follows into election districts:

Election District No. 1: Aiken No. 1, Aiken No. 2, Aiken No. 3, Aiken No. 4, Clearwater No. 1, Eureka, Millbrook, College Acres, Montmorenci, Shiloh, Shaws Fork and China Spring.

Election District No. 2: Jackson.

Election District No. 3: Graniteville, Warrentonville and Vacluse.

Election District No. 4: Langley, Gloverville, Bath and Clearwater No. 2.

Election District No. 5: Monetta, Chinquapin, Oak Grove, Ward No. 1, Ward No. 2 and McTeer.

Election District No. 6: North Augusta No. 1, North Augusta No. 2, Belvedere, Beach Island and Carolina Heights.

Election District No: 8: Wagener, Perry, Rocky Springs and New Holland.

Election District No. 9: Windsor and White Pond.

Election District No. 10: New Ellenton and Talatha.

The members of the board shall be elected by the qualified electors voting at the various precincts that comprise each election district.

Qualified electors residing in that area of Saluda County which forms part of the Monetta-Ridge Spring Attendance Area No. 5 shall have the right to vote for the member of the Aiken County board of education from Election District No. 5. Such electors shall vote at such precincts as may be designated by the Aiken County Board of Education and each elector shall satisfy the box managers that he actually resides within the attendance area.

SECTION 6. Elections—conduct of.—Members of the county board of education shall be elected in their respective election districts by a special election to be held on the first Tuesday in February in each district in which the term of the member of the board from such district expires in such year. Such election shall be held between the hours of nine a. m. and seven p. m. Voting places shall be located at each of the precincts in each district where an election is being held. Voters shall vote only in the precinct in which they are registered. The commissioners shall appoint three managers for each precinct and a committee of three to conduct the election, canvass the vote and certify the results to the commissioners. The rules of the general election shall apply except as otherwise specified in this act. The committee shall list as a candidate any qualified resident elector on whose behalf twelve or more electors sign a request that his name be listed. If fewer nominating petitions are filed than there are places to fill in the election, the committee shall place in nomination the name of any incumbent. All nominating petitions must be in the hands of the chairman of the election committee by three p. m. seven days before the election date. Necessary expenses of the election shall be paid from the county board of education funds.

SECTION 7. No. 1153

An Act To Authorize Clemson University To Relocate The Truck Experimental Station At Charleston.

Whereas, the Legislative Agricultural Study Committee finds that the Truck Experimental Station at Charleston is being surrounded by industry and urban development, and that provisions should be made immediately concerning the acquisition of additional land on which to relocate this Experimental Station; and

Whereas, experiments are being carried on continuously at this place and the new site should be purchased now, so that the gradual transition from one location to another could take place in an orderly manner and without impairment to the programs in progress; and

Whereas, the land where the present station is situated is valuable and by selling it at an opportune time the money derived from such sale would probably more than offset the cost of any new land that is necessary to be purchased. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Clemson University may relocate Truck Experimental Station at Charleston.—In order to relocate the Truck Experimental Station at Charleston, Clemson University may take such action as may be necessary to acquire land needed for this purpose, upon such terms and conditions as may be approved by the Budget and Control Board. No. 1154

An Act To Amend Act No. 456 Of The Acts And Joint Resolutions Of The General Assembly Of 1961, Authorizing The Board Of Trustees Of Clemson University (Formerly The Clemson Agricultural College Of South Carolina) To Acquire And Finance Additional Student And Faculty Housing Facilities, By Increasing Such Authorization.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. *Findings of General Assembly.*—

The General Assembly finds that the rapid increase in enrollment at Clemson University requires student housing facilities more extensive than those which might be effected with the authorizations granted by Act No. 456 of the Acts of 1961, which permitted the Trustees of Clemson University (formerly The Clemson Agricultural College of South Carolina) to issue (in addition to bonds now outstanding) five million dollars of bonds payable from the entire revenues derived by Clemson University from all student and faculty housing facilities which it may now or hereafter possess or utilize. On the basis of the foregoing, the General Assembly is minded to amend Act No. 456 of 1961 so as to increase the authorization to issue bonds to ten million dollars.

SECTION 2. *Section 4 of Act 456 of 1961 amended—Clemson University may borrow money for additional housing.*—

Section 4 of Act No. 456 of 1961 is hereby amended by striking out the section and inserting in lieu thereof the following, which shall become Section 4:

“Section 4. *Borrow—use of proceeds.*—To the end that the Trustees may acquire such additional student and faculty housing facilities, the Trustees shall be permitted to borrow, from time to time, not exceeding in the aggregate, ten million dollars, as well as such further sum as the Trustees may determine to borrow for the purpose of refunding all or any part of the outstanding revenue bonds of Clemson University. So much of the proceeds of the loans herein authorized as shall not be required to retire outstanding bonds shall be used in the construction, reconstruction, and equipping of dormitories and buildings designed for student and faculty housing, and auxiliary and related facilities, to be located on lands owned by

Clemson University. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students and faculty of Clemson University."

SECTION 3. Save and except as herein amended, Act No. 456 of 1961 shall remain of full force and effect.

SECTION 4. This act shall take effect upon approval by the Governor.

No. 1155

An Act To Amend Act No. 456 Of The Acts Of 1961, As Now Amended, Which Empowered The Trustees Of Clemson University To Issue Bonds Payable From The Revenues Of Its Student And Faculty Housing Facilities, By Further Defining Bonds Which May Be Refunded Pursuant To The Act, By Further Defining The Revenues Which May Be Pledged To Bonds Issued Pursuant To The Act, And By Further Defining The Covenants And Undertakings Which May Be Made To Secure The Payment Of Such Bonds.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that by Act No. 456 of the Acts of 1961, as amended by an act of 1966 bearing Ratification No. 924 and approved March 29, 1966, Clemson University (Clemson) is empowered to acquire additional student and faculty housing facilities and to pay for the same through the issuance of bonds payable from "the entire revenues derived by Clemson from all student and faculty housing facilities which it may now or hereafter possess." Act 456 further empowers Clemson to refund "all or any part of the outstanding revenue bonds of Clemson." Pursuant to the act, Clemson issued two million fifty thousand dollars (\$2,050,000.00) of bonds payable from the revenues of its student and faculty housing facilities, so that, in addition to the bonds described in Section 1 of Act 456, Clemson has outstanding additional bonds payable from the facilities whose revenues are pledged to the payment of the bonds. It now appears necessary for Clemson to ac-

quire further facilities, and it also appears desirable that certain of the bonds which are now outstanding be refunded.

Act 456, as now written, pledges to the payment of bonds issued pursuant thereto "the entire revenues derived by Clemson . . . from all student and faculty housing facilities which it may now or hereafter possess and utilize." Certain facilities produce inconsequential revenues, and the Trustees of Clemson have indicated a desire to establish specific sources of revenue to be pledged for the payment of bonds issued pursuant to Act 456 of 1961, as amended.

In addition, it appears that bonds issued pursuant to Act 456, as amended, might be rendered more marketable if, on or shortly after the occasion of their issuance, a debt service reserve fund was established and if the Trustees were empowered to covenant and agree that all rental revenues derived from the facilities be deposited with a corporate trustee, who would be empowered to utilize the proceeds for the payment of the principal and interest of bonds issued pursuant to Act 456 and any present bonds of Clemson not refunded. By reason of the foregoing, it has become necessary to amend Act 456 as hereinafter provided.

SECTION 2. Section 4 of Act 456 of 1961 amended—refunding of bonds.—Section 4 of Act No. 456 of 1961, as amended, is hereby further amended by striking out the first sentence and inserting in lieu thereof the following:

"To the end that the Trustees may acquire such additional student and faculty housing facilities, the Trustees shall be permitted to borrow, from time to time, not exceeding in the aggregate, ten million dollars, as well as such further sums as the Trustees may determine to borrow from time to time for the purpose of refunding all or any part of any outstanding revenue bonds of Clemson University which shall be payable in whole or in part from the revenues also pledged to the payment of bonds issued pursuant to Act 456 of 1961, as amended, and which are outstanding on the occasion of any such refunding." Section 4, when so amended, shall read as follows:

"Section 4. Borrow—use of proceeds.—To the end that the Trustees may acquire such additional student and faculty housing facilities, the Trustees shall be permitted to borrow, from time to time, not exceeding in the aggregate, ten million dollars, as well as such further sums as the Trustees may determine to borrow from time to time for the purpose of refunding all or any part of any

outstanding revenue bonds of Clemson University which shall be payable in whole or in part from the revenues also pledged to the payment of bonds issued pursuant to Act 456 of 1961, as amended, and which are outstanding on the occasion of any such refunding. So much of the proceeds of the loans herein authorized as shall not be required to retire outstanding bonds shall be used in the construction, reconstruction, and equipping of dormitories and buildings designed for student and faculty housing, and auxiliary and related facilities, to be located on lands owned by Clemson University. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students and faculty of Clemson University."

No. 1157

An Act To Reaffirm The Right Of The University Of South Carolina To Construct The Facilities Authorized By Act 1009 Of 1962 And Act 491 Of 1965; To Authorize The Issuance Of Not Exceeding Four Million Five Hundred Thousand Dollars Of Bonds Of The University For The Purpose Of Raising Moneys Therefor And To Refund Certain Bonds Heretofore Issued Pursuant To Act 1009 Of 1962; To Prescribe The Conditions Under Which The Bonds May Be Issued And To Make Provision For Their Payment; And To Rescind The Authorizations Of The University To Issue Further Bonds Pursuant To Act 1009 Of 1962 And Bonds Pursuant To Part II Of Act 491 Of 1965.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—As an incident to the enactment of this act, the General Assembly has made the following findings of fact:

(1) By Act No. 1009 of the Acts of the General Assembly of 1962, the General Assembly authorized the Trustees of the University of South Carolina, hereinafter referred to as "the Trustees," to construct and equip additions to the existing Student Union Building and a new Infirmary on the Columbia campus of the University of South Carolina, hereinafter referred to as "the University," at an aggregate cost not exceeding one million seven hundred fifty thousand dollars and did authorize the Trustees to borrow the moneys required for the programs so approved through the issuance of one million seven hundred fifty thousand dollars of bonds of the University, payable from the special fee authorized by Section 4 of Act 1009 of 1962.

(2) The Trustees have availed themselves of the authorizations of Act 1009 of 1962 to the extent of six hundred twenty thousand dollars which is evidenced by an issue of bonds dated December 1, 1965, and bearing interest at the rate of four and one-half per cent per annum and sold to the State Budget and Control Board as Trustee of the State Retirement Fund.

(3) By Act No. 491 of the Acts of the General Assembly of 1965, the General Assembly made provision for the construction of auditoriums and related facilities at both the University and at Clemson University.

(4) By Part II of Act 491 of 1965, the Trustees of the University were authorized to issue not exceeding two million dollars of bonds for the purpose of providing a portion of the cost of constructing the facilities authorized by the act, which bonds should be payable from the special student fee authorized by Section 10 of Part II of Act 491.

(5) The aggregate of the authorizations pursuant to the two acts is three million seven hundred fifty thousand dollars, of which only six hundred twenty thousand dollars has been utilized.

(6) The General Assembly has now reconsidered the need of the University for funds for the several projects authorized by the two acts and has concluded that an additional seven hundred fifty thousand dollars, or more, will be needed. It has also noted that the issue of bonds issued pursuant to Act 1009 (Bonds of 1965) is subject to redemption on all interest payment dates and that it might be desirable that such issue be refunded as a part of an issue of bonds which would supply the remaining sums authorized by Acts 1009 and 491, plus the additional sums authorized by this act.

(7) On the basis of the foregoing, the General Assembly has determined:

(a) to authorize the Trustees to issue bonds of the University payable from the special fee prescribed by this act to the extent of four million five hundred thousand dollars, which sum would be used to the extent needed:

(i) to retire the Bonds of 1965; and

(ii) to provide funds for the projects authorized by Act 1009 and Act 491.

SECTION 2. Definitions.—For the purposes of this act:

(1) "Special student fee" shall mean the fee authorized to be imposed by the University to provide funds for the repayment of the bonds authorized to be issued on behalf of the University.

(2) "State Board" shall mean the State Budget and Control Board as constituted by Chapter 6, Title 1, Code of Laws of South Carolina, 1962.

(3) "Student" shall mean any person in attendance at any regular session of the University, enrolled in a sufficient number of classes or courses on the Columbia campus for which credit is given toward any degree offered by the University, to be considered a full-time student.

(4) "Trustees" shall mean the Board of Trustees of the University.

(5) "University" shall mean the University of South Carolina, located in Columbia, South Carolina.

SECTION 3. Right of Trustees reaffirmed.—The right of the Trustees to construct, equip and operate the facilities described in paragraph (2) of Section 2 of Part I of Act 491 and the facilities described in Section 2 of Act 1009 is hereby reaffirmed.

SECTION 4. Bonds may be issued.—In order to raise the moneys required for refunding the Bonds of 1965 and to pay for the construction of the facilities referred to in Section 3 above, the Trustees of the University are authorized to issue not exceeding four million five hundred thousand dollars of bonds of the University, payable from a special student fee in such amount as may be determined by the Trustees (and revised when necessary) to be necessary to provide the funds needed to effect the payment of the principal of and interest on the bonds authorized by this act and to provide a cushion or reserve therefor.

SECTION 5. Credit of State not to be pledged.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of the bonds of the University, and there shall be on the face of each bond a statement plainly worded to that effect. Neither the members of the Trustees of the University nor any other person signing the bonds shall be personally liable thereon.

SECTION 6. Board to adopt resolutions concerning issuance of bonds.—In order to utilize the authorizations of this act, the Trustees of the University, on behalf of the University shall adopt resolutions providing for the issuance of the bonds authorized by this act, within the limitations herein mentioned, and by resolution shall prescribe the tenor, terms and conditions of the bonds. The bonds of the University may be issued either as a single issue or from time to time as several separate issues. In the event that the bonds of the University shall be issued as two or more issues, then notwithstanding, all bonds of the University shall be on a parity in all respects inter sese and shall be equally and ratably entitled to payment from the source provided to meet the payment of bonds issued on behalf of the University pursuant to this act.

SECTION 7. Maturity—interest—redemption.—The bonds of the University shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions and shall be in such denomination as the Trustees of the University shall determine; *provided*, always, that the last maturing bonds of any issue shall be expressed to mature not later than thirty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due not later than three years from their date. They shall bear such rate or rates of interest, payable on such occasions as the Trustees of the University shall prescribe, and shall be payable in such medium of payment, and at such place as such resolutions shall prescribe. All bonds maturing subsequent to fifteen years from their date shall be subject to redemption not later than fifteen years from their date, and on all subsequent interest payment dates prior to their respective maturities. All bonds may be issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount as the Trustees of the University shall prescribe in the resolutions authorizing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 8. Form.—The bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered as to principal on the books of the treasurer of the University, or registered as to principal on registry books kept for the University by a corporate trustee, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the Trustees of the University shall prescribe, or the bonds may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor first above described.

SECTION 9. Exempt from taxes.—The bonds authorized by this act and all interest to become due thereon shall have the tax-exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 10. Certain persons may invest in bonds.—It shall be lawful for all executors, administrators, guardians and fiduciaries and all sinking fund commissions to invest any moneys in their hands in such bonds.

SECTION 11. Execution.—The bonds and the coupons, if any, attached to the bonds, shall be executed in the name of the University in such manner and by such persons as the Trustees of the University shall from time to time determine, and the seal of the University shall be reproduced, affixed to or impressed on each bond. Any coupons attached to the bonds shall be authenticated by the facsimile signatures of one or more of the persons signing the bonds. The delivery of the bonds so executed shall be valid notwithstanding changes in officers or seal occurring after such execution.

SECTION 12. Sale.—All bonds issued pursuant to this act shall be disposed of in such manner as the Trustees of the University shall determine, except that no sale, privately negotiated without public advertisement, shall be made unless the approval of the State Board shall be obtained. If the Trustees of the University shall elect to sell the bonds at public sale, at least one advertisement thereof shall appear in some newspaper of general circulation in South Carolina not less than ten days prior to the occasion fixed for the opening of bids. The proceeds of all bonds issued pursuant to this act shall be delivered to the State Treasurer and retained by him in a special fund or funds and applied solely to the purpose for which such bonds shall have been issued. Withdrawals from the fund shall be made on the order or requisition of the Trustees of the University for which such bonds have been issued and shall be in such form as the State Treasurer shall prescribe. It shall at all times be lawful for the State Treasurer to make temporary investments of funds derived from the proceeds of bonds issued pursuant to this act, in obligations of the United States or any agency thereof, and all interest earned on any such investments shall be paid over by the State Treasurer, at the direction of the Trustees of the University toward the payment of interest to become due on bonds of the University.

SECTION 13. Powers.—To the end that the payment of the principal of and interest on the bonds of the University shall be adequately secured, the Trustees of the University shall be empowered:

(1) To place into effect, beginning with the Fall Semester in the year 1965 or such subsequent time as the Trustees of the University

shall prescribe, and maintain and revise when necessary a special student fee upon all students, and, in the discretion of the Trustees of the University, upon others who may from time to time be in attendance at the University, in such amount as shall be determined to be necessary to provide for the punctual payment of the principal and interest on the bonds issued by the University and to provide for an adequate cushion or reserve therefor. The special student fee shall bear such nomenclature as the Trustees of the University shall prescribe and it may, in the discretion of such Trustees, be included as a part of any other fee, but under such circumstances it shall be the duty of the Trustees to account for it to the treasurer of the University or to the corporate trustee, if one shall be appointed pursuant to Section 14 of this act.

(2) To covenant and agree that throughout the life of the bonds issued by the University, the special student fee shall be imposed, maintained and revised when necessary, in such amount, without limitation as to rate, as shall be sufficient to meet the payment of the principal and interest on the bonds as they become due, and to create such cushion or reserve fund therefor as may be deemed desirable by the Trustees of the University. The cushion or reserve shall be used only to meet the payment of the principal and interest on the bonds under such conditions as the Trustees of the University shall prescribe, and shall be set up in such manner as to insure its availability therefor.

(3) To establish a rule requiring the payment of the fee above referred to.

(4) To covenant as to the use of the proceeds of the sale of the bonds authorized pursuant to this act.

(5) To provide for the terms, form, registration, exchange, execution and authentication of bonds, and for the replacement of lost, destroyed or mutilated bonds.

(6) To covenant that all revenues pledged for the payment of the bonds shall be duly segregated into a special fund or funds, and that the revenues shall be used solely for the purpose for which they are intended and for no other purpose.

(7) To covenant for the mandatory redemption of bonds on such terms and conditions as the resolutions authorizing the bonds shall prescribe.

(8) To prescribe the procedure, if any, by which the terms of the contract with the bondholders may be amended, the number of

bonds whose holders must consent thereto, and the manner in which the consent shall be given.

(9) To prescribe the events of default and the terms and conditions upon which all or any bonds shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

SECTION 14. Custody of funds.—The treasurer of the University is authorized to accept custody of funds derived from the imposition of the special student fee imposed at the University and intended for the payment of the principal and interest on the bonds issued by the University, and to utilize the funds for the payment of the principal and interest on the bonds issued by the University and for the special cushion or reserve fund whose creation is herein authorized, or the Trustees of the University shall be empowered to select a corporate trustee whose duty it shall be to receive from the treasurer and other officials of the University the special student fee imposed at the University and to utilize the fee for the payment of the principal and interest on the bonds and for the special cushion or reserve fund whose creation is herein authorized.

SECTION 15. Power of trustees—fees.—It is not intended by this act to in any way limit or restrict powers heretofore granted to the Trustees of the University, and all authorizations heretofore granted to the Trustees of the University shall remain of full force and effect, nor shall the imposition of the special student fee prescribed by this act preclude the imposition of other fees upon students for other purposes.

SECTION 16. Use of funds.—It is not intended to limit the University in the construction of the facilities authorized by this act to the sums herein provided for such purposes, and if the University shall obtain funds from other sources for such purposes then, in such event, it shall be empowered to apply them to the facilities as now contemplated or to enlargements, improvements and extensions thereof.

SECTION 17. Rescind authority to issue bonds.—In view of the authorizations granted by this act, the power of the Trustees to issue further bonds pursuant to Act 1009 of 1962, and the power of the Trustees to issue bonds pursuant to Part II of Act 491 of 1965, is hereby rescinded, but except as herein provided, the provisions of Act 1009 of 1962 and Act 491 of 1965 shall remain of full force and effect.

No. 1158

An Act To Amend Act No. 488 Of 1965, Authorizing The Board Of Trustees Of Winthrop College To Acquire And Finance Additional Student And Faculty Housing Facilities By Increasing Such Authorization.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that the rapid increase in enrollment at Winthrop College requires student housing facilities more extensive than those which might be effected with the authorization granted by Act No. 488 of 1965, which permitted the Trustees of Winthrop College to issue (in addition to bonds now outstanding) one million three hundred sixty thousand dollars of bonds payable from the entire revenues derived by Winthrop College from all student housing facilities which it may now or hereafter possess or utilize. On the basis of the foregoing, the General Assembly has determined to amend Act No. 488 of 1965 so as to increase the authorization to issue bonds to Three Million Five Hundred Thousand Dollars.

SECTION 2. Section 4 of Act 488 of 1965 amended—loan authorized.—Section 4 of Act No. 488 of 1965 is amended by striking “one million three hundred sixty thousand dollars” on line five and inserting in lieu thereof “three million five hundred thousand dollars”. The section when amended shall read as follows:

“Section 4. To the end that the trustees may acquire such additional student housing facilities, the trustees shall be permitted to borrow, in addition to the loans evidenced by the bonds described in Section 1, from time to time, not exceeding in the aggregate, three million five hundred thousand dollars, as well as such further sum as the trustees may determine to borrow for the purpose of refunding all or any part of the outstanding revenue bonds of Winthrop College. So much of the proceeds of the loans herein authorized as shall not be required to retire outstanding bonds shall be used in

the construction, reconstruction, and equipping of dormitories and buildings designed for student housing, and auxiliary, and related facilities (including cafeteria facilities), to be located on lands owned by Winthrop College. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students of Winthrop College."

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

No. 1159

An Act To Amend Act No. 486 Of 1965, Which Authorized The Issuance Of Two Million Five Hundred Thousand Dollars Of General Obligation Bonds Of The State Ports Authority For Additional Facilities For Storing And Exporting Soybeans And Other Small Grains, And Which Prescribes The Use Of Certain Revenues Of The State Ports Authority, By Incorporating Into The Act The Legislative Authorization Set Forth In A Portion Of Section 8 Of Act No. 350 Of 1965, Relating To The Issuance Of Revenue Bonds By The State Ports Authority.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Findings of General Assembly.—The General Assembly finds that it did at its regular 1965 session authorize two specific programs relating to the State Ports Authority. The first of these was set forth in Section 8 of Act No. 350 of 1965 (the Supplemental Appropriation Act for the Fiscal Year 1964-1965), and the second of which was set forth in Act No. 486 of the Acts of 1965. By the first enactment the General Assembly wished to reinstate and reaffirm the authority of the State Ports Authority to issue revenue bonds pursuant to Article 5, Chapter 54, Code of Laws of South Carolina, 1962, subject to the approval of the State Budget and Control Board. By the second enactment the General Assembly wished to provide for the enlargement and improvement of the grain elevator of the State Ports Authority. While both purposes related to the State Ports Authority, each enactment sought to accomplish different and specific programs. As a means of implementing its intentions, the

General Assembly in each instance amended Section 6 of Act No. 861 of 1956, as previously amended by Act No. 207 of 1961 (the statute authorizing the issuance of State Ports General Obligation Bonds). The first enactment became effective upon its approval by the Governor on May 28, 1965, and the second enactment became effective upon its approval by the Governor on June 1, 1965. The last-mentioned enactment took no specific note of the first enactment, and the question has thus arisen as to whether the second enactment has inadvertently had the effect of repealing the authorization set forth in the first enactment. Inasmuch as such was not the legislative intent, the General Assembly is now minded to again rewrite Section 6 of Act No. 821 of 1956, as heretofore amended by Act No. 207 of 1961, in order to give full force and effect to the two authorizations intended by the two 1965 enactments above recited. To accomplish this, it is proposed to repeal that portion of Section 8 of Act No. 350 of 1965 which relates to the authorizations to the State Ports Authority to issue revenue bonds, which is found on pages 637 and 638 of the Acts of 1965, and to amend Section 4 of Act 486 of 1965 by striking the section and inserting in lieu thereof a new Section 4 to Act No. 486, which will contain both authorizations covered by the two enactments of 1965 above referred to.

SECTION 2. Section 4 of Act 486 of 1965 amended—payment.—

Section 4 of Act No. 486 of the Acts of 1965 is hereby stricken and the following inserted in lieu thereof, which shall become Section 4 of Act No. 486:

“Section 4. Section 6 of Act 821 of 1956, as amended by Act 207 of 1961, is further amended by striking out the section and inserting in lieu thereof the following, which shall become Section 6 of Act 821 of 1956:

‘Section 6. For the payment of the principal and interest on all State Ports bonds at any time issued and outstanding pursuant to this act as now constituted or as hereafter amended, there shall be pledged the full faith, credit and taxing power of the State of South Carolina, and in addition thereto, but subject to the provisions of this section, the entire amount of revenue derived from the tax levied on income, pursuant to Chapter 5 of Title 65, Code of Laws of South Carolina, 1962, as amended. The revenues derived from such tax during each fiscal year shall be discharged from such pledge when provision has been made for the payment in full of the principal and interest of all State

Ports bonds matured or maturing in such fiscal year. In addition to the revenues derived from such income tax, there shall be applied to the payment of such State Ports bonds annually such amounts from the net revenues derived by the Authority from its operations, not pledged to the payment of revenue bonds of the Authority now or hereafter outstanding, which have been issued by the State Ports Authority pursuant to Article 5, Chapter 1, Title 54, Code of Laws of South Carolina, 1962, as shall from time to time be determined and directed by the State Budget and Control Board (except that all revenues derived from the per bushel charge authorized by Item (4) of Section 3 of Act No. 821 of 1956, as amended, shall be pledged and set apart as hereinafter prescribed only to the payment of bonds to be issued for the expansion of facilities at the Port of Charleston for storing and exporting soy beans and other small grains); and if the State Budget and Control Board shall, by resolution duly adopted, approve the issuance of bonds by the State Ports Authority pursuant to the provisions of Article 5, Chapter 1, Title 54, Code of Laws of South Carolina, 1962, payable from any specified revenues, such pledge shall preclude the use of such revenues for the payment of principal and interest of State Ports bonds issued pursuant to Act 821 of 1956 as now or hereafter amended.

The pledge of the revenues derived from such income tax shall preclude the repeal of such tax until such pledge has been fully discharged but it shall not preclude the revision of such tax as to rate, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and fifty per cent of that sum which is equal to the maximum annual principal and interest requirements on all State Ports bonds outstanding, or then requested to be issued on the date such certificate bears. Such certificate shall be appended to the enrolled act and be presented to the Joint Assembly of the General Assembly on the occasion such act is presented for ratification.

In the instance of any State Ports bonds authorized to expand existing grain or soy bean facilities, all revenues derived from the per bushel charge imposed upon all who may utilize the facilities, pursuant to item (4) of Section 3 of Act 821 of 1956, as amended, shall be set apart by the State Treasurer in a separate fund and applied to the payment of the principal and interest of additional State Ports Authority bonds issued for the purpose of expanding the facilities.' ”

SECTION 3. Section 6 of Section 8 of Part II of Act 350 of 1965 repealed—payment.—In view of the fact that Section 6 of Act 821 of 1956 (as previously amended by Act 207 of 1961), as amended by this act, sets forth the legislative authorizations contained in the first two paragraphs of Section 8 of Act No. 350 of the Acts of 1965 (being those paragraphs appearing on pages 637 and 638 of the Acts of 1965), such paragraphs are hereby repealed.

SECTION 4. Affect on Act 486 of 1965.—Save and except as herein amended, Act No. 486 of 1965 shall remain of full force and effect.

SECTION 5. Time effective.—This act shall take effect upon approval by the Governor.

No. 1165

An Act To Provide The South Carolina Dairy Commission With Temporary Emergency Powers Relating To Milk And Milk Products.

Whereas, the public health and welfare has been and is being seriously endangered by the chaotic and unstable conditions exist-

ing in the milk industry caused by the price-war and loss-leader practices of retail outlets; and

Whereas, these price-war and loss-leader tactics and practices have detrimentally affected and demoralized the milk industry in this State since 1960 and particularly since April of 1963, causing artificially depressed prices of milk and other dairy products; and

Whereas, these disruptive and destructive trade practices tend to lessen, restrain and destroy competition in the milk industry in this State, thereby depriving the inhabitants of this State of a constant supply of pure wholesome milk, which constitutes a hazard to the health and welfare of the citizens of this State; and

Whereas, two hundred sixty eight dairy farmers have gone out of business in this State since the price-war began in April, 1963; and

Whereas, prior to 1963 the overall production of milk in this State had been increasing at the rate of eight per cent annually, but since the price war began in April, 1963, the rate increase has diminished to two per cent increase in 1963, four-tenths per cent increase in 1964 and approximately two per cent increase in 1965; and

Whereas, we find that milk is now affected with the public interest and that some form of economic control of milk and milk products at the producer, distributor, and retail levels is absolutely essential to protect the public health and welfare, that milk produced in neighboring and surrounding states is regulated and controlled, that ninety per cent of all milk sold in the free world is sold under some economic control or regulation; and

Whereas, we find that milk is produced, processed, and distributed under exacting health standards, strictly and rigidly enforced by State and local health authorities and that meeting these health standards determines to a great extent the costs of producing, processing and distributing milk; and

Whereas, such health standards are imposed in the public interest and for the protection of the public health and welfare of the citizens of this State, and in order to provide the inhabitants of this State with a pure, continuous, adequate, wholesome supply of milk, especially for children and also for adults; and

Whereas, milk is highly perishable, easily contaminated, requires constant supervision and care at all stages from its creation to its consumption, that it is an excellent culture media for bacteria, that

milk is an essential food and that there is no reasonable substitute for it; that milk requires more inspection and regulation than any other food in this State, that milk is a dangerous product if not rigidly inspected and controlled by public health agencies, from the cow to the consumer, that milk is different from other perishable foods in that it must be harvested daily, it cannot be stored (except briefly) because of its bulk and nature, the supply cannot be quickly altered up or down; and

Whereas, because of the peculiar way that milk is marketed in that the farmer is paid on the usage of his milk in the market place, the farmer never knows what use or classification his milk will be put to until the housewife picks it up on the display counter and pays for it at the checkout counter and finally on the tenth of the following month, the farmer is paid for his milk based on the amount that actually was sold in each classification, that of necessity, because of the very nature of the product and the peculiar method of marketing the product, there must be stability in the industry to enable farmers, as well as others engaged in the milk industry, to comply with exacting minimum sanitary and quality standards established by the State in the public interest and for the protection of the public health and welfare of the citizens of this State; and

Whereas, the farmer is at the complete mercy of the retail outlet because the retailer can set in motion forces (loss leader prices of competing brands) which will completely eliminate the sale of his (producer's) milk, the retailer having absolutely no exposure to loss under these conditions and the producer having no control over such tactics by the retailer, the result being that some third party (the retailer) has absolute control over the disposition of the producer's milk, that the retailer runs no risk of loss because the retailer takes the milk on a consignment basis, the producer has no recourse and is forced to accept the loss, that the retailer merchandises milk, which, in effect, does not belong to him, in a manner to his own choosing, totally without the threat of possibility of losing a cent as a result of his loss leader tactics, that no other item of the approximately 6,000 items handled by the retailer is handled in this manner.

Whereas, we find that the dairy industry in this State is now in a chaotic, hazardous, and extremely unstable condition, that the public health and welfare of the citizens of this State is in imminent danger. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Citation of Act.—This act may be referred to as the “Emergency Milk Control Law of 1966.”

SECTION 2. South Carolina Dairy Commission may fix prices of milk and milk products.—Because there exists in the milk industry conditions which detrimentally affect and seriously endanger the public health and welfare and which have created or have threatened to create competitive trade practices which demoralize the price structure of milk and which demoralize agricultural interests of the State engaged in the production of milk and which have interfered with and threatens to continue interfering with the maintenance of an ample supply of fresh, wholesome, fluid milk, which is affected with the public interest, the South Carolina Dairy Commission is hereby authorized for a period designated by the Commission not to exceed three hundred eighty days in duration, if for any reason controls are not in effect:

(a) To establish and adjust, from time to time, without the necessity of hearings but upon public notice, the prices below which all persons may not purchase or sell milk and milk products, *provided*, however, except as otherwise provided herein:

(1) The resale prices so established are within the range of the prices actually in existence during the thirty days preceding the action of the Commission under the provisions of this act; and

(2) The resale prices so established within such range and producer prices established under this act at a level which the Commission, in its opinion, determines will maintain fair price competition, help insure an ample supply of fresh, wholesome, fluid milk and promote orderly marketing conditions.

SECTION 3. Commission to conduct studies.—Whenever the Commission shall proceed pursuant to the provisions of Section 2 of this act, it shall, within the time designated, undertake such studies, examinations and investigations as necessary to determine what action should be taken by the South Carolina Dairy Commission under any of its existing powers and authority to eliminate, alleviate or otherwise prevent the continuance of the conditions which required resort to the provisions of this act.

SECTION 4. Bond of plaintiff.—Upon application and issuance of an injunction enjoining the enforcement of the provisions of this act, the court or judge shall require of the plaintiff a bond of a surety company duly authorized to do business in this State. The bond shall

specify an appropriate amount, shall be in form satisfactory to the court and shall run to the State of South Carolina.

The condition of the bond shall be that the plaintiff will pay any and all moneys that may become due or owing any milk producer or producers suffering damages or injury by reason of the injunction. The damages may be ascertained by a reference or otherwise, as the court shall direct.

SECTION 5. Provisions shall be inoperative.—The provisions of this act shall become inoperative on April 1, 1967, unless extended by legislative act.

SECTION 6. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 4th day of May, 1966.

No. 1172

An Act To Dissolve The Consolidated School District Resulting From The Enactment Of Acts No. 271 Of 1953, 946 Of 1958 And 709 Of 1960 And Comprised Of All Of Aiken County, That Area In Saluda County Formerly Known As Ridge Spring School District No. 2, And That Area In Edgefield County Formerly Known As Wimberly Branch School District Of Edgefield County; And To Provide For The Disposition Of The Properties Of The Consolidated School District And For The Bonded Indebtedness And Other Obligations Of The School District.

Be it enacted by the General Assembly of the State of South Carolina :

SECTION 1. Finding of General Assembly.—The General Assembly has made the following findings of fact :

(1) By Act No. 389 of the Acts of 1965 the General Assembly attempted unsuccessfully to establish an arrangement, contractual in nature, by which the School District of Aiken County, created by resolution of the County Board of Education of Aiken County, adopted on September 11, 1951, might provide school services for pupils residing in the Ridge Spring section of Saluda County and in the Wimberly Branch section of Edgefield County, formerly known, respectively, as Ridge Spring School District No. 2 of Saluda County and Wimberly Branch School District of Edgefield County. In a cause entitled *Boatwright v. McElmurray, et al*, the Supreme Court of South Carolina held on February 7, 1966, that former enactments on that subject, viz.: Acts Nos. 271 of 1953, 946 of 1958 and 709 of 1960 had brought about a consolidation of the School District of Aiken County and Ridge Spring School District No. 2 of Saluda County and Wimberly Branch School District of Edgefield County.

(2) The Supreme Court further held that the provisions of Section 4 of Act No. 389, prescribing that the School District of Aiken County shall continue as established by action of the County Board of Education of Aiken County on September 11, 1951, were ineffective and that to accomplish the result intended by Section 4, the consolidated district must be dissolved.

(3) Due consideration has been given to this holding and its effect upon the school program of the areas affected, and the conclusion has been reached that the consolidated school district must be dissolved.

(4) On the occasion of the incorporation of the consolidated school district, which resulted from Acts No. 271 of 1953, 946 of 1958 and 709 of 1960, there were no school buildings or school property in Wimberly Branch School District of Edgefield County. None has been constructed or acquired since that time and, as of this date, there is no school property located in the area of Edgefield County formerly known as Wimberly Branch School District. There is no bonded indebtedness outstanding against Wimberly Branch School District.

(5) The consolidated school district operated schools elsewhere which were attended by children residing in the area formerly known as Wimberly Branch School District. The expense of educating these children was borne by the Trustees of the School District of Edgefield County on the basis of the per pupil cost of educating children in the consolidated school district.

(6) On the occasion of the incorporation of the consolidated school district, there were three school buildings in the area of Saluda County which formerly comprised Ridge Spring School District No. 2. Since that time an extensive new high school building was constructed. It was paid for through State aid. Some other improvements and enlargements, relatively minor in nature, have been made to school facilities. These have been paid for by the consolidated school district. During the period intervening between the enactment of Acts No. 271 of 1953 and 946 of 1958, arrangements with respect to payments on account of pupils residing in the area formerly constituting Ridge Spring School District No. 2 were made, similar to the arrangements relating to pupils in the area formerly constituting Wimberly Branch School District of Edgefield County. Following the enactment of Act No. 946 of 1958, a tax levy was imposed upon the area formerly constituting Ridge Spring School District No. 2 identical to that imposed in Aiken County. As a consequence thereof, a portion of such tax levy was used to pay bonded indebtedness incurred by the consolidated school district.

(7) There is outstanding no bonded indebtedness applicable to Ridge Spring School District No. 2.

(8) During the period of the existence of the consolidated school district, bonds have been issued by the School District of Aiken County and their proceeds expended, with the exception of small amounts paid for improvements and enlargements to the schools located in the former school district known as Ridge Spring School

District No. 2, for buildings and improvements to schools located within Aiken County.

(9) Arrangements have been made for the operation of public schools throughout the consolidated school district for the present school year, and the proceeds of taxes duly levied and other appropriations, including State aid, are available for that purpose.

(10) By legislation, in *pari materia*, provision has been made for the re-establishment of the School District of Aiken County as originally constituted following action by the County Board of Education of Aiken County on September 11, 1951, and for the re-establishment of Ridge Spring School District No. 2 of Saluda County. Further legislation, in *pari materia*, consolidates that area of Edgefield County, formerly known as Wimberly Branch School District, into the School District of Edgefield County, thus making the School District of Edgefield County coextensive with Edgefield County itself.

(11) Contemporaneously with the enactment of such legislation, and this legislation, action has been or will be taken by the County Boards of Education of Aiken, Saluda and Edgefield Counties to:

(a) dissolve the consolidated school district resulting from the enactments heretofore mentioned; and

(b) to re-establish the Ridge Spring School District No. 2 of Saluda County and to consolidate with the School District of Edgefield County that area in Edgefield County formerly known as Wimberly Branch School District.

(12) Due consideration has been given to the facts above set forth and the General Assembly has concluded that it is equitable and just that:

(a) the re-established School District of Aiken County (comprised of an area coextensive with Aiken County) assume in toto all bonded indebtedness now outstanding against the School District of Aiken County and to succeed to all school property of the consolidated school district, both real and personal, located within Aiken County;

(b) the re-established school district known as Ridge Spring School District No. 2 of Saluda County succeed to all school property, both real and personal, which shall be located within the Saluda County section of the consolidated school district;

(c) the re-established school district of Ridge Spring School District No. 2 of Saluda County be relieved in toto of all bonded indebtedness of the consolidated school district;

(d) the territory formerly comprising Wimberly Branch School District of Edgefield County be relieved of all bonded indebtedness or other obligations of the consolidated school district, and that the School District of Edgefield County as enlarged through the consolidation of the area formerly known as Wimberly Branch School District be declared to have assumed no obligations or bonded indebtedness of the consolidated school district.

(e) the reconstituted School District of Aiken County shall assume the obligation of maintaining for the balance of the present school year the operation of the schools within the former consolidated school district and, as such, it shall be entitled to all appropriations, State aid, and the proceeds of all taxes levied for such purpose.

SECTION 2. Consolidated school district abolished.—Effective as of April 1, 1966, the consolidated school district resulting from the enactment of Acts No. 271 of 1953, 946 of 1958 and 709 of 1960 is hereby dissolved.

SECTION 3. Property within Aiken County.—All property, real and personal, formerly belonging to the consolidated school district which shall be located within Aiken County shall become the absolute property, in fee simple, of the reconstituted School District of Aiken County.

SECTION 4. Property within Saluda County.—All property, real and personal, formerly belonging to the consolidated school district which shall be located within Saluda County shall become the absolute property, in fee simple, of the Ridge Spring School District No. 2 of Saluda County.

SECTION 5. Bonded indebtedness.—All bonded indebtedness of the consolidated school district shall be imposed upon and is hereby assumed by the reconstituted School District of Aiken County. All of such bonded indebtedness is hereby validated and confirmed and declared to be the absolute and unconditional obligation of the reconstituted School District of Aiken County, and shall be and is hereby secured by the full faith, credit and taxing power of the reconstituted School District of Aiken County, and for the payment of which there shall be annually levied by the Auditor of Aiken County and collected by the Treasurer of Aiken County an ad valorem tax upon all taxable property within the reconstituted school district, sufficient to

pay the principal and interest of such bonded indebtedness as it matures and to create such sinking fund as may be necessary therefor.

SECTION 6. Obligations of consolidated school district.—All other obligations of the consolidated school district are hereby declared to be the absolute and unconditional obligation of the reconstituted School District of Aiken County, including the obligation to pay for the cost of operating and maintaining schools located in the reconstituted school district of Ridge Spring School District No. 2 for the balance of the present school year, but the proceeds of all taxes levied therefor and all appropriations made for such operation and maintenance, including State aid, shall be remitted to or for the account of the reconstituted School District of Aiken County.

SECTION 7. School District of Edgefield County—liability.—The School District of Edgefield County, as enlarged and consolidated by the annexation thereto of the area in Edgefield County formerly known as Wimberly Branch School District, shall have no responsibility or liability whatsoever for any obligations or bonded indebtedness of the consolidated school district.

SECTION 8. Act to be complementary.—This act shall be deemed complementary to, and not in derogation of, any action taken by the County Boards of Education of Aiken, Saluda and Edgefield Counties, pursuant to Section 21-112 (2) (a), in effecting the dissolution of the consolidated school district and re-establishing the School District of Aiken County with an area coextensive to Aiken County, in re-establishing the Ridge Spring School District No. 2 of Saluda County with an area similar to that which formerly comprised Ridge Spring School District No. 2 of Saluda County prior to the enactment of Act No. 271 of 1953, and in consolidating the area comprising the former school district known as Wimberly Branch School District of Edgefield County into the School District of Edgefield County.

SECTION 9. Acts 271 of 1953, 946 of 1958, 709 of 1960 and 389 of 1965 repealed.—All acts or parts of acts inconsistent herewith, including specifically Acts Nos. 271 of 1953, 946 of 1958, 709 of 1960 and 389 of 1965 are repealed.

SECTION 10. Saving clause.—The provisions of this act are not intended to be mutually dependent upon each other and the invalidity of any provision of this act shall not affect or disturb the remaining provisions.

SECTION 11. Time effective.—This act shall take effect as of April 1, 1966, or upon its approval by the Governor, whichever shall last occur.

Approved the 10th day of May, 1966.

No. 1173

An Act To Authorize The Board Of Education Of Aiken County To Issue Not Exceeding Three Million Dollars Of General Obligation Bonds Of The School District Of Aiken County; To Prescribe The Conditions Under Which The Bonds May Be Issued And The Purposes For Which Their Proceeds May Be Expended; And To Make Provision For The Payment Of The Bonds.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that by action heretofore taken by the General Assembly and by the County Boards of Education of Aiken, Saluda and Edgefield Counties, the consolidated school district resulting from Acts Nos. 271 of 1953, 946 of 1958 and 709 of 1960 has been dissolved and that, effective April 1, 1966, The School District of Aiken County has been recreated, consisting of territory coextensive with that of Aiken County and that the County Board of Education of Aiken County, as constituted by an act of the General Assembly in pari materia (the Board), has supervision of and conducts the affairs of The School District of Aiken County as recreated.

The General Assembly further finds that extensive additional public school facilities are required by the reconstituted School District of Aiken County (The School District) and has determined that the Board should be authorized and empowered to issue not exceeding three million dollars of general obligation bonds of the School District for the purpose of defraying the costs of additional public school facilities, including costs in connection with such additional facilities which have been heretofore incurred and paid for out of the general funds of the School District (as heretofore constituted). It is mindful that the debt limitation imposed upon The School District of Aiken County is that resulting from a special constitutional amendment to Article X, Section 5, ratified by Act No. 58 of 1951, and found at page 255 of Volume 16, Code of Laws of

South Carolina, 1962. Accordingly, it proposes to authorize the County Board to make provisions for the issuance and sale of bonds to the foregoing extent.

SECTION 2. Bonds may be issued.—In order to obtain funds for the purposes set forth, the Board is hereby authorized to issue not exceeding three million dollars of general obligation bonds of the School District, or such lesser amount as may be permitted by the applicable constitutional debt limitation at the time or times of issuance. The proceeds derived from the sale of the bonds shall be disposed of as follows:

(a) Any accrued interest shall be applied to the payment of the first instalment of interest on such bonds.

(b) Any premium shall be applied to the payment of the first installment of principal of the bonds.

(c) The remaining proceeds shall be used to defray the cost of issuing the bonds authorized hereby and, to pay the cost of further public school facilities, including costs in connection with such additional facilities which have been heretofore incurred and paid for out of the general funds of the School District (as heretofore constituted).

(d) If any balance remain, it shall be held by the Treasurer of Aiken County in a special fund and used to effect the retirement of the bonds authorized hereby.

SECTION 3. Bonds—issue—maturity — redemption — denomination—payment.—The bonds may be issued as a single issue, or from time to time as several separate issues in the discretion of the board; *provided*, that no bonds shall be issued later than two years after the effective date of this act. All bonds shall mature serially in successive annual instalments of such amounts as may be determined by the Board, except that the maturity date of the last instalment of any bonds issued hereunder shall fall due not later than twenty years from the date the bonds bear, and the first maturity date may be postponed not more than two years from the date the bonds bear. Any bond issued pursuant to this act may, at the discretion of the Board, contain a provision permitting its redemption prior to its stated maturity at such redemption premium as the Board shall prescribe. The bonds shall be of such denomination, shall bear such rate or rates of interest as the Board may determine, payable on such occasions as the Board shall determine, but the average rate

of interest for any issue of bonds sold pursuant to the authorizations of this act shall not exceed four and one-half per cent. The bonds may be issued with the privilege to the holder of having them registered as to principal on the books of the Treasurer of Aiken County, and the principal thus made payable to the registered holder (unless the last registered transfer shall have been to bearer), upon such conditions as the Board may prescribe. They shall bear such date or dates and be payable at such places as the Board may likewise prescribe.

SECTION 4. Interest.—The bonds, and the interest coupons thereto attached, shall be executed in such manner as the Board shall prescribe.

SECTION 5. Sale.—The bonds shall be sold by the Board at not less than par and accrued interest to the date of their respective deliveries, at public sale, and at least ten days prior to any sale, notice, announcing the intention to receive bids for the sale of any bonds authorized by this act, shall be published in a newspaper of general circulation in the State of South Carolina.

SECTION 6. Exempt from taxes.—The bonds and all interest to become due thereon shall have the tax-exempt status as prescribed by Section 65-4.1 of the 1962 Code.

SECTION 7. Payment.—For the payment of the principal and interest of all bonds issued pursuant to this act, as they respectively mature, and for the creation of such sinking fund as may be necessary therefor, the full faith, credit and taxing power of the School District shall be irrevocably pledged, and there shall be levied annually by the Auditor of Aiken County, and collected by the Treasurer of Aiken County, a tax without limit on all taxable property in the School District, sufficient to pay the principal and interest of the bonds as they respectively mature, and to create such sinking fund as may be necessary therefor.

SECTION 8. Action of board.—Any action required of the Board may be taken at any meeting of the Board, regular or special, and at such meeting a majority of the members of the Board shall constitute a quorum for the purpose of adopting a resolution making provision for the issuance of bonds pursuant to this act, awarding the sale of such bonds, or taking any other action permitted or required of the Board by the provisions of this act. *Provided*, that any action required

of the Board concerning the issuance of the bonds provided for in this act shall be voted on favorably by a majority of the members.

SECTION 9. Time effective.—This act shall take effect upon approval by the Governor or April 1, 1966, whichever last occurs.

Approved the 10th day of May, 1966.
